RESOLUTION NO. \_\_\_\_\_

**RESOLUTION AUTHORIZING McCREARY, VESELKA, BRAGG & ALLEN, P.C.  
TO ASSIST CITY OF CEDAR PARK IN ACQUIRING CERTAIN PROPERTY**

WHEREAS, the County of Williamson has engaged the firm of McCreary, Veselka, Bragg & Allen, P.C., to assist in collection of it delinquent ad valorem taxes; and

WHEREAS, the City of Cedar Park also utilizes the same firm; and

WHEREAS, the City of Cedar Park is desirous of utilizing McCreary, Veselka, Bragg & Allen, P.C. for assistance in procuring a certain piece of property on which there are delinquent taxes owing to both the city and school district which is now under the administration of the United States Bankruptcy Court; and

WHEREAS, the Commissioners' Court of the County of Williamson finds it to be in the public interest to authorize the firm of McCreary, Veselka, Bragg & Allen, P.C. to represent the City of Cedar Park with regard to procuring that certain property, being a tract located on the north side of FM 1431 and under the administration of the bankruptcy of Wayne M. Laymon, notwithstanding any conflicts which may result regarding the collection of taxes on that property;

NOW, THEREFORE, BE IT RESOLVED BY THE COMMISSIONERS' COURT OF THE COUNTY OF WILLIAMSON, THAT:

The County of Williamson consents and approves to the utilization by The City of Cedar Park of the firm of McCreary, Veselka, Bragg & Allen, P.C., for assistance in procuring the above referenced property from the trustee of the above referenced bankruptcy notwithstanding any conflict which may arise therein regarding the ultimate collection of delinquent ad valorem taxes on that property.

The foregoing resolution was moved and seconded and adopted by a majority vote at a meeting of the Commissioners' Court of the County of Williamson on the 22<sup>ND</sup> day of July, 1997.

Re: CASE NO. 84-11503, CHAPTER 11, WAYNE M. LAYMON  
Tax Account Number: W01680000023A006

Dear Commissioner Boatright:

As you may be aware, the above referenced bankruptcy has been pending for quite some time. The taxes on the above referenced account have, because of that, become seriously delinquent. There is now \$9,695.57 due the County on that tract since 1987.

The property consists of an approximately 30' wide strip along the north side of 1431 from approximately U.S. Hwy. 183 to near Bagdad Road. The appraisal district has long carried the strip as 11.5 acres. However, recent inquiry indicates that the strip is in fact considerably smaller, perhaps less than four acres. In 1995, the appraisal district devalued the account significantly from several hundred thousand dollars to \$11,500.00 due to the unusual nature of the property. As you I am sure have learned from your discussions with Jane McAdams, the City of Cedar Park wishes to acquire the property in order to provide expansion for FM 1431. The City has asked this firm's assistance in securing the property from the bankruptcy and putting it into the public domain. However, some of the tactics which may be utilitarian in accomplishing that objective might also impair the ability to ever collect the delinquent taxes on the account. Since our firm represents the County as well as the City, we could not take any action which would be contrary to the interests of the County.

Again, as I am sure you have learned from your discussions with Jane McAdams, the City is requesting that the County lend support to the City's acquisition of the property in question by agreeing to, if necessary, forego collection of the taxes on the property. The wisdom of that decision is for you and your fellow commissioners' decision. However, I am comfortable representing to you that it would be within the County's authority to participate in the acquisition of the property in that way since the property would be entering the public domain for the general good of the citizens of the County as well as the citizens of the City.

Letter to Gregg Boatright  
July 16, 1997  
Page 2

At the present time, however, I need some indication from the County whether it is willing to allow McCreary, Veselka, Bragg & Allen, P.C. to proceed with assisting the City in attempting to gain control of the property noting the potential conflict with ultimately collecting the taxes due on the property. I have enclosed a resolution for the Commissioners' Court consideration for that purpose. I will, of course, be glad to visit with you or the court to discuss the matter. I will, unfortunately, be out of touch the week of July 21st through July 25th, though I might be reached by telephone.

At this time, I cannot give the County any reasonable prediction whether the taxes could, as a practical matter, ever actually be collected in any case. The land in question is such an unusual parcel that its value is highly dubious. The trustee in the bankruptcy has, on several occasions, received offers for quite significant sums for even small portions of the property. However, in the twelve years in which this bankruptcy has been pending, no offer has come to fruition in a property sale. I am further unable to give a reasonable prediction of the likelihood of success of efforts of the City to wrest the property from the bankruptcy and gain control of it. However, there are many possible scenarios and nuances of the problem which I would be happy to discuss. In any case, if the court decides to adopt the enclosed resolution, it should be only because the court is prepared to lose collection of the taxes on the property if need be to have the City acquire it.

I have discussed this matter with Deborah Hunt. If you or any of the commissioners desire further input or discussion with me, please let me know. Otherwise, if the County could indicate to me its position regarding the matter, specifically whether it will adopt the enclosed resolution, I would be most appreciative. The Leander Independent School District has already consented to the arrangement and has passed a resolution substantially similar to the one enclosed for the County.

Sincerely yours,

Kirk Swinney
