

AGENDA ITEM # 15July 29, 1997VOL. 90, pg. 249

Hear presentation and consider approving use of aerobic sprayer septic system in Williamson County.

Health District Director Paulo Pinto advised several problems and much time consumption is involved in the aerobic sprayer septic system. He answered all questions and then recommended the county not approve the use of this septic system which requires a lot of maintenance and some would require \$500.00 per year maintenance contracts. The Health Department would be responsible for reviewing maintenance contracts and contacting the owners to determine if their contracts were current. If not it would then be the responsibility of the Health District to file notice of non-maintenance.

Engineer Don H. Bizzell agreed with Mr. Pinto's recommendation.

Commissioner Mehevec suggested since the system was approximately \$2,000.00 less expensive than that now being required, one trial system be installed for comparison.

Moved: Commissioner Hays

Seconded: Judge Doerfler

Motion: To deny approving use of aerobic sprayer septic system in Williamson County.

Vote: Motion carried 4 - 1 with Commissioner Mehevec voting against the motion.

FOR IMMEDIATE RELEASE

**FOR THE CHILDREN SCHOOL SUPPLY DRIVE
JULY 27TH - AUGUST 9TH**

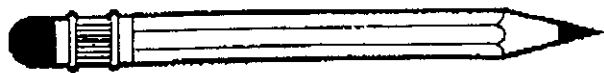

(Austin—7/3/97) For The Children (FTC), Inc. is proud to announce that its ninth annual school supply drive will begin on July 27 and continue through August 9, 1997. Thousands of Central Texas elementary students will be in need of school supplies this year, and the goal of FTC, Inc. is to provide supplies for these underprivileged children. Pre-kindergarten, kindergarten, first and second graders in the Austin, Del Valle, Eanes, Leander, Manor, Pflugerville and Round Rock school districts are helped each year by FTC, Inc.

FTC, Inc. is a 501(c)(3) non-profit organization formed to raise funds to purchase and collect new school supplies for children from low-income families in Austin and surrounding areas. Since its inception in 1989, FTC, Inc. has provided school supplies for over 98,000 needy students. Last year over 19,000 eligible elementary students were provided with much-needed school supplies. Because our limited resources can only go so far, there are still thousands of underprivileged children who are not receiving school supplies.

FTC, Inc. is asking for tax-deductible donations to be used to purchase school supplies at wholesale prices. 100% of all funds received goes to the purchase of new school supplies for the children. FTC President, Elaine Naleski noted, "Cash donations go four times further than product donations, so a \$25 donation will provide supplies for ten children." Donations in the form of a check may be mailed to: For The Children, Inc., P.O. Box 163811, Austin, Texas, 78716. If you wish to donate new school supplies, collection canisters will be located at KVUE 24 Television, Oldies 103, participating Austin-area McDonald's and H-E-B locations.

Eligible students in pre-kindergarten, kindergarten, first and second grades will receive the supplies from their principals in the seven area school districts.
