## AGREEMENT FOR FILL DIRT

July 24, 1997

Re: Fill Dirt for C.R. 101 Road and Bridge Project  
Williamson County, Texas

In consideration of Ed and Vera Coale furnishing a minimum of 25,000 cubic yards of fill dirt from their property at 5450 C.R. 101, Taylor, Texas, for the County Road 101 Bridge Project in Precinet 4, Williamson County agrees to pay \$ 0.90 per cubic yard. All fill dirt must be obtained from the designated area of Coale's property

The 25,000 cubic yards of fill dirt shall be paid in full at the signing of this contract, and this proposed contract shall become null and void after Aug. 15, 1997. Any additional dirt needed by this contract, shall be purchased at \$ 1.00 cubic yard at the time it is determined that additional dirt is needed, and if there is fill dirt available as determined by Ed and Vera Coale.

The creek bottom shall be left flat, and the sides will be at a 3/1 slope to the level surface land. Williamson County agrees to sprig the area of fill dirt removal with Coastal Bermuda, and be responsible for a growing sod on June 1, 1998.

Ed and Vera Coale, the present owner of subject property, consents to permit Williamson County personel, contractors, and work crews to enter the above referenced property for the purpose of completing this project.

Re: Right-of-way purchase for Improvements to C.R. 101  
Approx. 0.58 Acres, west side C.R. 101  
Williamson County, Texas

In consideration of Williamson County's proposed improvements for County Road 101 in Williamson County, Precinct 4, We, Ed and Vera Coale, 5450 C.R. 101, Taylor, Texas 76574, do agree to sell to Williamson County, the necessary 0.58 Acres for these stated improvements. Williamson County agrees to pay to Ed and Vera Coale, the net sum of \$ 2,000.00 for this right-of-way. The Contract will be signed and the land paid for no later than Aug 15, 1997, or this contract is null and void. Should the contract be signed and the land sold, and the improvements not be started by Sept 1, 1997, the land will revert back to Ed and Vera Coale, at no charge to them. *OK 8/15/97*

For and in consideration of the necessary right-of-way granted and sold to Williamson County for the improvements along C.R. 101, Williamson County agrees to the following:

1. To remove existing fencing and brush within the new right-of-way.

2. To provide fence materials and labor to construct the necessary fencing at the new right-of-way line, of which all corners, braces, and terminal posts shall be 2 3/8 " oil field pipe, per attached drawing. Posts shall be four feet in the ground and five feet above ground, set in a 10" dia hole, filled with concrete. Fence wire shall be six (6) strands of 12 1/2 gauge, galvanized, domestic barbed wire, spaced from the ground at 8", 8", 10", 10", 10", and 10" inches apart. Line posts shall be 6 1/2 foot, heavy weight, steel posts, driven 18 inches in the ground, and spaced 10 feet apart. There will be a corner or a brace, then 8 steel posts, then a corner or brace along the length of the fence. All posts and pipes will be on the outside, Right-of-way side, of the fence.

3. A "water gap" will be constructed at the bridge, by the County, a suspended by cable type, in such a manner that the "water gap" will hinge at the cable top, and after breaking loose, hinge up at the lower edge to allow passage of water and debris to pass under the "gap" and the bridge. Exact design shall be determined by mutual agreement between Williamson County and the Coales.

4. County agrees to place no bridge railings, or signs, within 100 feet of Coale's driveway.

Ed and Vera, the present owner of such property, consents to permit Williamson County personnel, contractors, and work crews to enter the referenced property for the purpose of completing this project.
