Notice of Public Hearing on Tax Increase

The Williamson County will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll by 9.5843 percent. Your individual taxes may increase or decrease, depending on the change in the taxable value of your property in relation to the change in taxable value of all other property and the tax rate that is adopted.

The public hearing will be held on at at .

The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the average home this year. Again, your individual taxes may be higher or lower, depending on the taxable value of your property.

	Last Year	This Year
Average residence homestead value	\$103,119	\$106,600
General exemptions available	\$3,000	\$3,000
<small>(amount available on the average homestead, not including senior citizen's or disabled person's exemptions)</small>		
Average taxable value	\$100,119	\$103,600
Tax rate	0.3460	0.3452
Tax	\$346.41	\$357.63

Under this proposal, taxes on the average homestead would increase by \$11.22 or 3.24 percent compared with last year's taxes. Comparing tax rates without adjusting for changes in property value, the tax rate would decrease by \$0.0008 per \$100 of taxable value or 0.23 percent compared to last year's tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.
