AGENDA ITEM # 1

May 5, 1998

Hear any interested person and consider forming the next agenda or adding items to today's agenda.

Gerry Anderson appealed to Commissioners Court to help alleviate parking problems on the square in Georgetown. The privately owned alley between Berry Hardware and Western Auto is being blocked by delivery trucks allowing no access to the street for those who are parked in the alley.

Mr. Anderson has appealed to the City of Georgetown to purchase the property located directly behind Berry Hardware which is currently being used for storage. With the storage area being torn down the owners of the other buildings would have access to Rock Street and would no longer be blocked in the alley.

TO: City of Georgetown and the consulting firm that is gathering information on the problems of parking in downtown area.

Dear sir,

This is to inform you why most of the merchants and the EMPLOYEES on the west side of the square do not use the available privately owned parking that is directly behind the business. The parking area that i am referring to is a privately owed ally that lies between Western Auto and Berrys Hardware and continues to the south the length of the enter block. Every bussiness on this block has access the ally and tryto use this ally for delivery and parking. Because of property disputes with the owners of the Western auto and Berrys Hardware the other property is land locked and they are denied access to their property on regular basis. As a result any one wanting to use the ally for parking will not and does not use the parking area because no one can afford to be blocked in. When this has accord, the owner of Western Auto will move his delivery truck when he is ready to or when ever he gets though with his delivery. He is very combative on this subject and will tell any one that if this does not fit your needs he can and will build a fence across the ally and block the ally entirly. He will tell you he owns the ally and he will do with it what he want and is not concerned with any one elses problem.

Has this happen to you? Has this happened to co woker or employee? Is this a problem that needs to be adreesed? If so please sign below.

Gerry Anderson

There are other issues in this same ally that are of concern to many parties who would like to use the ally. First is a drainage problem, during times of heavy rainfall water stands for many days at a time. No property owner is able to address this problem. There are some businesses that have had water damage because of no drainage plan or control in this ally. May we remind you that we are being taxed for drain water and it would be reasonable to assume that this problem is of concern to the city and needs to be addressed so that the tax payers can get some benefit from their tax dollar. Second is the matter of fire protection. In conversation with the fire marshal it discovered that the rear of all buildings in this ally are in jeopardy. Fire Marshall Tom Legget tells me that in event of a fire he can not and will not put any equipment in this ally to fight a fire. The reason for this is that there is the collapse possability of the tall buildings and he can not jeopardize his personal or equipment with this safety problem. This is very disturbing news to the property owners, the bussiness and two separate resident of the two story buildings who have limited exits in the event of a fire. Tom tells me that he can and will support an effort to improve access to the rear of the buildings. A second access to this ally in Toms opinion would be beneficial for the bussiness tenants and residential tenants and aid in fire protection and ensure the safety of his fire fighters.

My proposal to the city is to try to purchase a vacant lot behind Berrys Hardware. This property's sole use today is for storage of pipe. If the city would purchase this property all of the problems that are existing in the ally can be solved. A second access to the ally would give us the ability use the available existing parking with out future problems with delivery trucks and other property owners who do not mind blocking access to the ally. it is possible that some parking spaces can be obtained in this property once it is devolved. With this proposal we wish to have unlimited access to our property at all times so to help solve some of the parking problems on the square and improved fire protection with unlimited access to all of the rear of the buildings and the issue of a collapse zone will not jeopardies the safety of any one fighting the fire or any one trying to get out of harms way, or some one that may be trapped in building and the may be a need to get a fire truck in the ally to assist in removing a trapped victim. Also this will give the city a way to solve some drainage problem. The natural slope of the lot will allow once it is devolved the flow of water onto rock street.

With this proposal many problems can be solved at reasonable cost. My research show that this lot appraises at value of only 19,000 dollars. Also it is my option that this is not a developable piece of property. There is a public need for community ownership of this property. We hope that you will find that my study are correct and will peruse every avenue to ensure public safety and solve other problems that we have been told you are committed to such as the parking issue.

Commissioner Mehevec suggested some of the soil behind the museum being removed and leveled would stop the standing water.

County Engineer Joe England has received notice from Sprint advising they desire to put a new line at the intersection of County Roads 130 and 101. This property has been condemned for the landfill near Hutto. He will request an agenda item for May 12, 1998, for consideration of easement being granted to Sprint.

District Judge John Carter extended an invitation from the Williamson County Bar Association to attend a party on Saturday, May 16, 1998, from 3 to 8 p.m. at the home of Susan and Jeff Rusk at 800 Rusk Road, Round Rock, Texas. The Williamson County Bar Association is honoring Judges John Carter, Burt Carnes, Billy Ray Stubblefield, Robert F. B. "Skip" Morse and Kevin Henderson "because they hung the sun, the moon, the stars and a horse thief".

**HEY!**

**Fajitas sound good? Catch and release fishin' in a stocked lake?  
Horseshoe pitchin' under the oaks?**

**Well, Pardner! You're in luck!**

The Williamson County Bar Association invites you to help honor Judges John Carter, Burt Carnes, Billy Ray Stubblefield, Robert F. B. "Skip" Morse and Kevin Henderson – because they hung the sun, the moon, the stars and a horse thief.

The whole shebang benefits the Williamson County Bar. And you don't need deep pockets: it's free if you're a kid under 12; fifteen bucks if you're a bonafide law enforcement officer; and twenty bucks a head for the rest of y'all.

UTILITY LINE ON WILLIAMSON COUNTY RIGHT-OF-WAY

TO: Williamson County Unified Road System  
1900 Georgetown Inner Loop, Suite B  
Georgetown, Texas 78626

DATE: 3-26-98

Formal notice is hereby given that CHISHOLM TRAIL SPECIAL UTILITY DISTRICT

Company proposes to place a 3/4" waterline in a 2" casing

line within the right-of-way of Lost Rivers  
as follows: (give location, length, general design, etc.)

The existing waterline is on the West side of the road, buried 36" deep and it is 9' from the pavement. The pavement is 21' wide and it is 15' on the east to the pavement and 16' on the west to the pavement.

The line will be constructed and maintained on the road right-of-way as directed by the Williamson County Unified Road System in accordance with governing laws.

Our firm further understands that the County considers proper traffic control measures as those complying with applicable portions of the Texas Manual of Traffic Control Devices required for adoption by the "Transportation Code" (V.C.T.A. CH.251)

The location and description of the proposed line and appurtenances is more fully shown by 2 copies of drawings attached to this notice.

Construction of this line is proposed to begin on or after the 30 day of March 19 98

APPROVAL

This application is hereby approved subject to the following understandings and restrictions.

It is expressly understood that the said County Commissioners' Court does not imply hereby to grant any right, claim, title or easement in or upon this County Road; and it is further understood that in the future, should Williamson County, for any reason, need to work, improve, relocate, widen, increase, add to, decrease, or in any manner change the structure of this road or right-of-way, this line, if affected, will be moved at the direction of the Williamson County Engineer or County Commissioner. This installation work shall not damage any part of the roadway and adequate provisions shall be made to cause a minimum of inconvenience to traffic and adjacent property owners.

**AGENDA ITEM # 5****May 5, 1998**

Discuss and take any appropriate action on request for help in cleaning up fire damaged property of Mrs. Seymour Bradford of Taylor, Texas.

Commissioner Mehevec informed the court of the December 28, 1998 fire which completely destroyed the home of Mrs. Seymour Bradford located 1 1/2 miles south of Taylor. He estimated the job would involve 2 to 3 hours to push back and bury the debris and the Taylor Brethren Church would reimburse the county for all expenses.

Commissioner Boatright suggested Mr. Mehevec contact a local private contractor to perform the work and let the church reimburse that contractor.

Mr. Mehevec agreed to investigate this avenue. No action was taken on this agenda item.

GJA No. 1283-7895-13**

Dear Mr. Kronkosky:

Thank you for your time in conducting your review of the submitted preliminary plat for Block House Creek, Phase F. This preliminary was approved by the City of Cedar Park Planning and Zoning Commission. We have requested the City forward 6 blue-line copies of the approved preliminary plat to the County.

In conjunction with your review of this preliminary, two variances were requested. The first variance was for lot width and building setback lines. The second variance was regarding the curve radius of future Block House Drive.

Within the bounds of this Preliminary Plat are two right of way stubs that will not be utilized with this layout. Either prior to or concurrently with approval of the Final Plat for this project, we will request that these stubs be vacated, in accordance with the process agreed upon with the County Commissioner's Court.

This information is provided for your review and consideration to be placed on the Commissioner's Court agenda on May 5, 1998. If you need any additional information, please let me know.

Sincerely,

# Memorandum

**To:** Commissioners' Court

**From:** Williamson County Road and Bridge

**Date:** April 30, 1997

**Subject:** Block House Section F

The right-of-way stubs were part of an overall plan for Block House Subdivision that was prepared in the early 1980's. This plan has been modified to include sections that contain larger lots. The street alignments were modified to allow for these new development schemes. The existing right-of-way of Block House Drive was conveyed to the county by deed. Right-of-way stubs for future intersections were also included in this conveyance. Because these stubs are in conflict with the proposed layouts. The developer is requesting that they be released. The procedure for this is contained in the Legal Government Codes, Sec. 263.006. Exchange of Real Property. The developer proposes to exchange stubs with the location of the new street intersections for the existing right of way stubs.

## PROPERTY ACQUISITION OR SALE

§ 263.007

restriction that a structure may not be placed within 50 feet, or a greater distance determined by the commissioners court, of the landward boundary of the seawall right-of-way retained by the county.

(c) In the order and notice required by Section 263.001, the commissioners court shall give a substantial statement of any restriction, condition, or limitation to which a conveyance is subject.

Acts 1987, 70th Leg., ch. 149, § 1, eff. Sept. 1, 1987.

#### § 263.005. Use by Public Utility or Common Carrier

If, at the time real property, or an interest in real property, is sold, leased, or exchanged under this subchapter, a public utility or common carrier that has the right of eminent domain is using the property for right-of-way and easement purposes, the sale, lease, exchange, conveyance, and surrender of possession of the property or interest are subject to the right of and continued use by the public utility or common carrier.

Acts 1987, 70th Leg., ch. 149, § 1, eff. Sept. 1, 1987.

#### § 263.006. Exchange of Real Property

(a) The commissioners court of a county, by an order entered in its minutes, may authorize the exchange of an interest in real property owned by the county for an interest in real property owned by an individual, private partnership or corporation, or other private entity, to be used for one or more public purposes for which a county otherwise may acquire land. The exchange transaction may include a partial cash payment.

(b) Except as provided by Subsection (d), before the commissioners court exchanges an interest in real property under this section, notice that the county will consider offers for an exchange of the interest in real property must be published in English in a newspaper of general circulation in the county in which the real property is located and in the county that owns the interest if not the same county. The notice must be published once a week for three consecutive weeks before the date of the exchange, with the date of the first publication being before the 20th day before the date of the exchange.

(c) The county shall obtain an appraisal of the fair market value of the interest in real property owned and being exchanged by the county, and the appraisal shall be conclusive for purposes of this section of the value determined. An exchange may not be made under this section for a total consideration, including cash and interest in real property, that is less than the fair market value of the interest in real property being

exchanged by the county. The commissioners court may reject any and all offers made under this section.

(d) An exchange of an interest in real property originally acquired by the county for street, right-of-way, or easement purposes as consideration for the acquisition of another interest in real property for street, right-of-way, or easement purposes is not subject to the notice requirements of Subsection (b) but is subject to the appraisal required by Subsection (c), whether or not the exchange transaction includes a partial cash payment.

(e) This section does not apply to the exchange of an interest in real property owned by a county for an interest in real property owned by the United States, this state, or a municipality or other political subdivision of this state.

Acts 1987, 70th Leg., ch. 149, § 1, eff. Sept. 1, 1987.

#### § 263.007. Sale or Lease of Real Property Through Sealed-Bid Procedure

(a) The commissioners court of a county may adopt a procedure by which the county may sell or lease through a sealed-bid or sealed-proposal procedure any real property, including space in a building, owned by the county.

(b) The procedure must include a requirement that the county publish, before a sale or lease is made, a notice of its intent to sell or lease, as appropriate, the real property. The notice must:

(1) be published in a newspaper of general circulation in the county the commissioners court represents and, if the real property is located in another county, in a newspaper of general circulation in that other county;

(2) be published on two dates, with the date of the second publication occurring before the 14th day before the date the award of the sale or lease is made;

(3) include a description of the real property, including its location; and

(4) include a description of the procedure by which sealed bids or sealed proposals for the sale or lease may be submitted.

(c) Before selling property under this section, the commissioners court shall:

(1) obtain an appraisal of the property's fair market value; and

(2) determine a minimum bid amount, based on the appraisal.

#### AGENDA ITEM # 9

May 5, 1998

Consider granting variance of the subdivision regulations of the radius on Block House Drive, under Minimum Road Requirements, Section B3.

County Engineer Joe England advised the minimum center line radius requirement is for a 45 mile per hour design speed for collector roads. Several curves are approximately 35 mile per hour. He recommended the variance be granted.

Moved: Commissioner Boatright

Seconded: Judge Doerfler

Motion: To grant variance of the current subdivision regulations of the radius on Block House Drive, under Section B3, Minimum Road Requirements.

Vote: Motion carried 5 - 0
