- DAVID U. FLORES, County Auditor

AGENDA ITEM # 1

June 2, 1998

Hear any interested persons, consider forming the next agenda, or adding any emergency items to today's agenda.

Don Bizzell updated the court on the D.B. Wood Road bridge project stating that a water line installed by the City of Round Rock was broken. The water line was repaired by the original contractor at no cost to the county.

Mr. Bizzell stated the water line installed by the City of Round Rock is in the wrong place, but the city opted to leave the water line where it was. Should the line break again causing road damage, Mr. Bizzell suggested there be correspondence between the county and the City of Round Rock making the City of Round Rock aware of damages that could occur due to the placement of the water line.

Mr. Bizzell also commented on a change order concerning the Jarrell project made in the amount of \$35,934.14 during construction. Change order #2 in the amount of \$39,907.56 will be used to extend County Road 307 based on the unit prices that were bid in the original contract.
