## NOTICE OF PROPOSED INSTALLATION

## UTILITY LINE ON WILLIAMSON COUNTY RIGHT-OF-WAY

TO: Williamson County Unified Road System  
1900 Georgetown Inner Loop, Suite B  
Georgetown, Texas 78626

DATE: 5-8-98Formal notice is hereby given that SOUTHWESTERN BELL TELEPHONE COCompany proposes to place a BURIED CABLEline within the right-of-way of CR 282  
as follows: (give location, length, general design, etc.)SRE SKETCH

The line will be constructed and maintained on the road right-of-way as directed by the Williamson County Unified Road System in accordance with governing laws.

Our firm further understands that the County considers proper traffic control measures as those complying with applicable portions of the Texas Manual of Traffic Control Devices required for adoption by the "Transportation Code" (V.C.T.A. CH.251)

The location and description of the proposed line and appurtenances is more fully shown by 3 copies of drawings attached to this notice.

Construction of this line is proposed to begin on or after the 8th day of MAY 19 98APPROVAL

This application is hereby approved subject to the following understandings and restrictions.

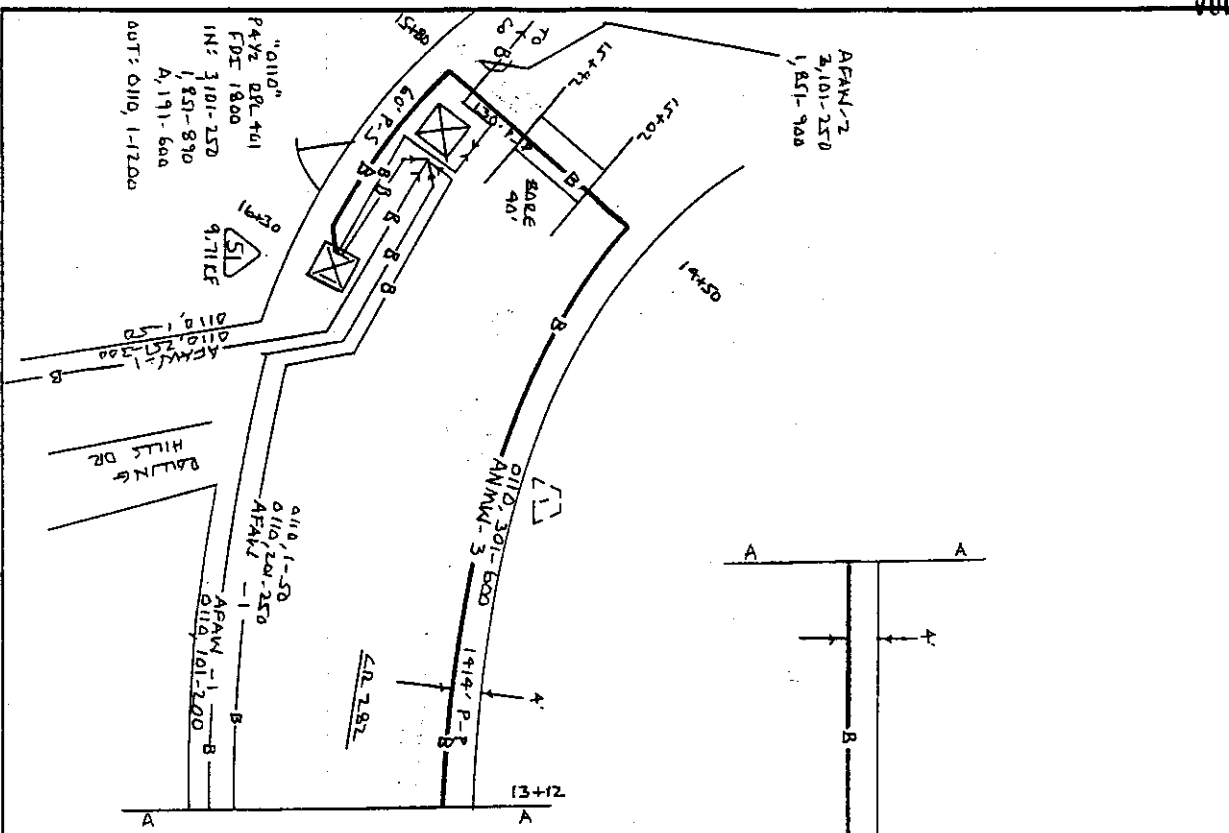

It is expressly understood that the said County Commissioners' Court does not imply hereby to grant any right, claim, title or easement in or upon this County Road; and it is further understood that in the future, should Williamson County, for any reason, need to work, improve, relocate, widen, increase, add to, decrease, or in any manner change the structure of this road or right-of-way, this line, if affected, will be moved at the direction of the Williamson County Engineer or County Commissioner. This installation work shall not damage any part of the roadway and adequate provisions shall be made to cause a minimum of inconvenience to traffic and adjacent property owners.

APPROVED BY WILLIAMSON COUNTY COMMISSIONERS' COURT

## NOTICE OF PROPOSED INSTALLATION

## UTILITY LINE ON WILLIAMSON COUNTY RIGHT-OF-WAY

TO: Williamson County Unified Road System  
1900 Georgetown Inner Loop, Suite B  
Georgetown, Texas 78626

DATE: 4-27-98

Formal notice is hereby given that Jonah Water S.U.D.

Company proposes to place a Road Box on Road Cut & Water line

line within the right-of-way of CR 152 #3  
as follows: (give location, length, general design, etc.)

24" ENCASEMENT - 40' long - 16" pvc water line from property line to property line

The line will be constructed and maintained on the road right-of-way as directed by the Williamson County Unified Road System in accordance with governing laws.

Our firm further understands that the County considers proper traffic control measures as those complying with applicable portions of the Texas Manual of Traffic Control Devices required for adoption by the "Transportation Code" (V.C.T.A. CH.251)

The location and description of the proposed line and appurtenances is more fully shown by 1 copies of drawings attached to this notice.

Construction of this line is proposed to begin on or after the 27<sup>th</sup> day of April 19 98.

APPROVAL

This application is hereby approved subject to the following understandings and restrictions.

Firm: Jonah Water S.U.D.

**CONTRACTOR'S LIABILITY AGREEMENT**

Herschap Backhoe & Ditching, Inc. Contractor for Jonah Water Special Utility District in Williamson County, Texas do hereby agree to the following schedules and conditions for doing work within the right-of-way of CR 152 - CB 140 - CR 148 & CR 162 which is a public roadway maintained by Williamson County.

1. I will contact the Williamson County Unified Road System at least 48 hours prior to start of construction.
2. All work in the right-of-way will be done between the hours of 8:30 a.m. and 4:30 p.m. on Monday through Friday only.
3. Cuts will be opened for one-half the roadway only, with flagmen on both sides of the work area, allowing one-way traffic through. This type of operation will be held to a minimum and all advance warning signs and barricades shall be as specified in the Texas Manual on Uniform Traffic Control Devices. These cuts will also be flagged and entire roadway opened at night and on weekends.
4. Roadside work in ditches alongside the trrenched surface may be left opened at night, only if they can be barricaded solidly between open ditch and traveled roadway leaving a minimum 6' of road shoulder between the pavement edge and the barricades. The barricades must be reflectorized and lighted with warning lights and conform to the requirements of the T.M.U.T.C.D. for nighttime use.
5. Any construction area to be maintained from dusk to dawn shall have Type B High Intensity Steady Burn Warning Lights to delineate the traveled way through and around obstructions in a construction or maintenance area. All warning lights shall be installed to a minimum mounting height of 36" to the bottom of the lense.
6. Construction work and road repair on County right-of-way will be done to Williamson County Standards and to the approval of the Williamson County Unified Road System.
7. I will notify the Williamson County Unified Road System and obtain approval prior to any changes from this agreement if required due to soil conditions or other problems.

CONTRACTOR'S LIABILITY AGREEMENT

Herschap Backhoe & Ditching, Inc. Contractor for Jonah Water Special Utility District in Williamson County, Texas do hereby agree to the following schedules and conditions for doing work within the right-of-way of CR 152 - CB 140 - CR 148 & CR 162 which is a public roadway maintained by Williamson County.

1. I will contact the Williamson County Unified Road System at least 48 hours prior to start of construction.
2. All work in the right-of-way will be done between the hours of 8:30 a.m. and 4:30 p.m. on Monday through Friday only.
3. Cuts will be opened for one-half the roadway only, with flagmen on both sides of the work area, allowing one-way traffic through. This type of operation will be held to a minimum and all advance warning signs and barricades shall be as specified in the Texas Manual on Uniform Traffic Control Devices. These cuts will also be flagged and entire roadway opened at night and on weekends.
4. Roadside work in ditches alongside the trrenched surface may be left opened at night, only if they can be barricaded solidly between open ditch and traveled roadway leaving a minimum 8' of road shoulder between the pavement edge and the barricades. The barricades must be reflectorized and lighted with warning lights and conform to the requirements of the T.M.U.T.C.D. for nighttime use.
5. Any construction area to be maintained from dusk to dawn shall have Type B High Intensity Steady Burn Warning Lights to delineate the traveled way through and around obstructions in a construction or maintenance area. All warning lights shall be installed to a minimum mounting height of 38" to the bottom of the lense.
6. Construction work and road repair on County right-of-way will be done to Williamson County Standards and to the approval of the Williamson County Unified Road System.
7. I will notify the Williamson County Unified Road System and obtain approval prior to any changes from this agreement if required due to soil conditions or other problems.

1. Hot mix asphalt 1 1/2" min. thickness. Roll in place to match existing surface, + or - 1/8" tolerance.
2. Trench backfill shall be flexible base, compacted to 95% optimum in 8" layers unless otherwise approved and specified. Flexible base to match existing base thickness or 8 inches, whichever is greater ( specifications; TxDOT Item 247, Type A, Grade 2).
3. Pipe embedment (pipe envelope) size and materials shall be as specified elsewhere by utility company and/or its engineers. Pipe depth shall be as specified elsewhere provided that minimum depths are met.
4. Saw cut shall be made prior to ditch cut. If pavement is damaged during cut, a new saw cut shall be made beyond the damaged area and new pavement placed.
5. Where roadside ditches (bar ditches) are crossed by the utility pipe, minimum depth to the top of the pipe from centerline road elevation will be 36".
6. All pavement repair shall conform to Item 351 Repairing Existing Flexible Pavement Structure as found in the 1993 Texas Department of Transportation Standard Specifications for Construction of Highways, Streets and Bridges.

## NOTICE OF PROPOSED INSTALLATION

## UTILITY LINE ON WILLIAMSON COUNTY RIGHT-OF-WAY

TO: Williamson County Unified Road System  
1900 Georgetown Inner Loop, Suite B  
Georgetown, Texas 78626

DATE: 4-27-98Formal notice is hereby given that Jonah Water S.U.D.Company proposes to place a Road Base - Water Lineline within the right-of-way of C.R. 162 # 7  
as follows: (give location, length, general design, etc.)

24" encasement pipe - 30' length - 16"  
water line property line to property line

The line will be constructed and maintained on the road right-of-way as directed by the Williamson County Unified Road System in accordance with governing laws.

Our firm further understands that the County considers proper traffic control measures as those complying with applicable portions of the Texas Manual of Traffic Control Devices required for adoption by the "Transportation Code" (V.C.T.A. CH.251)

The location and description of the proposed line and appurtenances is more fully shown by 1 copies of drawings attached to this notice.

Construction of this line is proposed to begin on or after the 29<sup>th</sup> day of April 19 98

## APPROVAL

This application is hereby approved subject to the following understandings and restrictions.

Firm: Jonah Water S.U.D.Authorized Signature Carl L. Lill

It is expressly understood that the said County Commissioners' Court does not imply hereby to grant any right, claim, title or easement in or upon this County Road; and it is further understood that in the future, should Williamson County, for any reason, need to work, improve, relocate, widen, increase, add to, decrease, or in any manner change the structure of this road or right-of-way, this line, if affected, will be moved at the direction of the Williamson County Engineer or County Commissioner. This installation work shall not damage any part of the roadway and adequate provisions shall be made to cause a minimum of inconvenience to traffic and adjacent property owners.
