John Doerfler
County Judge
710 Main #201
Georgetown, Texas 78626

Honorable Judge John:

The purpose of this letter is to request the County's assistance in the County's Flood Plain program. With the obvious growth that the county has gone through in the past few years this office is having submittals presented to us which is beyond the scope of our resources. Specifically, we do not have the expertise to evaluate bridge construction permits or large scale channel alteration projects. These types of projects involve reviews of technical engineer reports beyond our ability.

I have discussed the matter with Mr. Joe England and Mr. Greg Bergeron. They both agreed to be of assistance in such projects. In the recent past, we have only received 3-4 such projects a year. Mr. Bergeron asked me to request your approval in this matter. If you would like, a meeting can be arranged to further discuss this matter.

Your anticipated cooperation is most appreciated.

Sincerely,

A handwritten signature of Paulo Pinto, written in dark ink.

Paulo Pinto, R.S.
Director of Environmental Services
