SUBJECT: Equipment Fees

I am sending an updated list of equipment rental fees for your review. These rates are based on current rental charges and include equipment not previously listed.

These prices, if approved by the court, will be used to figure reimbursements to the Unified Road System for work done for other entities and estimating for inter-local agreements. I would like to place an item on the December 1, 1998 agenda, for the court's consideration. If you have any questions or suggestions please do not hesitate to call me.
