1999 Property Tax Rates in Williamson County

This notice concerns 1999 property tax rates for Williamson County. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

	General Fund	Special Road/ Bridge Fund
Last year's tax rate:		
Last year's operating taxes	\$24,712,391	\$4,758,631
Last year's debt taxes	\$5,570,416	\$0

Last year's total tax rate	0.2990 /\$100	0.0470 /\$100
This year's effective tax rate:		
Last year's adjusted taxes (after subtracting taxes on lost property)	\$30,286,536	\$4,763,496
/ This year's adjusted tax base (after subtracting value of new property)	\$10,671,343,402	\$10,656,791,088
= This year's effective tax rate for each fund	0.2838 /\$100	0.0446 /\$100
Total effective tax rate	0.3284 /\$100	
This year's rollback tax rate:
