AGENDA ITEM # 24Hear comments from commissioners

Commissioner Hays discussed county wide health meeting last week which he and Commissioner Limmer attended. Southwestern University Professor Dan Hillard presented the survey results. Small groups discussed area needs, gaps and committees to review needs. Another meeting is planned for early 2000.

Commissioner Heiligenstein suggested the area hospitals still need to pay their portion/s of the survey.

Commissioner Heiligenstein also advised the CUC meeting Thursday will involve restructuring all urban counties committees and voting allocations. A proposed Nineteen (19) member Legislative Policy Committee is being discussed with;

Largest 9 counties receiving 9 votes on the committee (Denton, Harris, Dallas, Travis, Collin, El Paso, Bexar, Harris and Hidalgo);

Counties with 400,000 to 200,000 population have 6 votes and
Counties with less than 200,000 population have 4 votes.
Plans are also under way to organize an Education Committee and Federal State Relations Committee.
