Re: ESD Commissioner Recommendations

Dear Commissioner Hays:

The Williamson County Emergency Services District #2 currently has two vacancies on its board. Thomas Verell and Darryl Pool's appointed term had expired on December 31, 1999. Both had decided not to seek another appointment on the ESD board. After many weeks of searching for replacements, we've found two interested residents. Brenda Kaiser and Ken Berry have are willing to volunteer their time and serve as an ESD commissioner. The current three-member board of myself, Ryan Johnson and Gwen King recommend both residents to serve as commissioners. We wish your attendance to our next meeting on February 24, 1999 at 7:30 P.M. to affirm their appointment.

approved 2-23-99
John C. Daugherty
Sincerely,

Gerry Cheney
President ESD #2

Brenda Kaiser

TO: Williamson County Board of Commissioners, Emergency Services District No. 2

RE: Interest/application as Williamson County ESD commissioner

The following qualifications will strengthen appointed role as commissioner:

I've resided in Brushy Creek community since 1986, and in Round Rock since 1983. As a mother of three children, I believe our community is what we make it. Involvement within the community is critical. I've played an active role in community affairs, including the following:

- * Served as active member of PTA executive boards of Brushy Creek Elementary, Cedar Valley Middle School, and McNeil High School.
- * Coordinated office, library, and homeroom community volunteers for these schools.
- * Organized and scheduled computer lab volunteers within schools, recruiting from community and Partners in Education.
- * Currently employed as Student Records Specialist at Live Oak Elementary.
- * Active member of St. Williamson, volunteering in religious education programs, classroom teacher, and office volunteer.
- * Member of Friends of the Library, a Round Rock Public Library support group.
- * Currently instruct classes for Round Rock Community School, an organization dedicated to life-long learning and community education.
- * Actively involved with local homeowners' association, volunteering time and resources toward fundraising, service projects, and neighborhood safety projects.

Serving as a Williamson County ESD No. 2 commissioner is an excellent way to help and represent my community.

Ken Berry

VOL 0102 PAGE 831

Objective: To continue a career as a Product Designer and utilize my experience and knowledge as a Pro/E user.

Education: **San Jacinto College – Pasadena, Texas**
Associate of Arts 1977

Experience:
October 1991 to present
Schlumberger
Responsible for design and file documentation of a 19" computer drawer mounting configuration in the Schlumberger Logging Truck. Completed the design of the truck cab interior for several variations of Schlumberger's trucks. Responsible for solving noise and cooling problems relating to computer equipment. Implemented many ergonomic factors in the design of the truck cab interior.

1991
Promoted to Development Technician IV. Completed the design and development of Injection Molded Plastic parts for a Thermo-graphic Printer using Pro/Engineer. Worked closely with outside vendors and other Engineering personnel in adapting the Reaction-Injection Molding process to economically produce components used on the printer. Accelerated the design, development and production of the plastic parts by using DTM's Laser Sintering Rapid Prototyping process.

June 1982
Senior Designer in Austin group. Designed and completed file on Electronic drawers used in the Schlumberger computer system. Responsible for wiring and harness documentation and PC layout design. Responsible for purchasing, scheduling and procurement of sheetmetal parts for prototyping. Assisted in the development of a 24" computer rack design.

1973
Draftsman, transferred to Downhole Tool Engineering group in Houston. Assisted in several downhole tool projects working closely with engineers and technicians. Completed design and documentation on several test boxes and PC boards.

1968
New employee, started in the printing department as a reproduction operator. Assisted in printing Schlumberger's training manuals and interoffice documents. Worked with field personnel in developing video tapes used in training Field Engineers.

1966-68
Military service in the Army: honorable discharge

1982-1990
Austin Community College – Austin, Texas
Part-time instructor for Drafting Department

1978-1981
Alvin Community College – Alvin, Texas
Part-time instructor for Drafting Department
