STATE OF TEXAS

COUNTY OF Williamson

KNOW ALL MEN BY THESE PRESENTS

That WILLIAMSON COUNTY, hereinafter called "Grantor" (whether one or more), for good and valuable consideration including, when applicable, the approval and execution of an Electric Service Agreement by Bartlett Electric Cooperative, Inc. (hereinafter called the "Cooperative"), the sufficiency of which is hereby acknowledged, does hereby covenant access to grant, and convey unto the Cooperative an easement and right-of-way upon and across the following described property of Grantor:

The right-of-way, easement, rights and privileges herein granted shall include the right of ingress and egress over, across and upon said property and shall be used for the purposes of providing electric utility service to Grantor and/or others (overhead or underground), including placing, constructing, operating, removing, relocating electric lines, transmission or distribution facilities or equipment, as well as reading any meter or performing any act relating to the provision of utility service. The Cooperative is specially granted pedestrian and vehicular ingress and egress rights.

The width of the easement shall be twenty (20) feet, one-half ( $\frac{1}{2}$ ) of such distance on either side of Cooperative's lines, as they are or will be constructed on Grantor's hereinbefore described property. In instances where the Cooperative's poles, guy wires, anchor structures or other facilities (other than lines) are not located in the mid-point of the easement, then in such instances the easement width shall include a distance of ten (10) feet from and around any such pole, guy wire, anchor structure or other facility.

The easement, right and privileges herein granted shall be appurtenant to the land, and shall inure to the benefit of the Cooperative's successors and assigns. Grantor represents that he is the owner of the above-described tract of land and binds himself, his heirs, assigns and legal representatives to warrant and forever defend the easement and rights described herein to the Cooperative, its successors and assigns.

The Cooperative shall also have the right to use so much of the remainder of the surface of the hereinafter described property of Grantor as may be reasonably necessary to construct, install, repair and remove the facilities that may at any time be necessary for the purposes herein specified.

The Cooperative shall have the right to clear the right-of-way of all obstructions, to cut and trim or to chemically treat trees or shrubbery within the right-of-way or within such proximity of the Cooperative's facilities so as to be hazardous.

The Cooperative shall have the right to remove its lines, poles, guy wires or other facilities at the option of the Cooperative. If, after the removal of the above-mentioned facilities, the Cooperative does not use the right-of-way for five (5) continuous years, then this right-of-way easement shall terminate.

Grantor further covenants that Grantor, his heirs, successors and assigns shall facilitate and assist Cooperative personnel in exercising their rights and privileges herein described at all reasonable times and shall not build, construct or cause to be erected any building or other structure that may interfere with the provision of electric service or the exercise of the rights granted to the Cooperative herein.

APPLICATION FOR MEMBERSHIP AND FOR ELECTRIC SERVICE

The undersigned (hereinafter called the "Applicant") hereby applies for membership in, and agrees to purchase electric energy from BARTLETT ELECTRIC COOPERATIVE, INC., (hereinafter called the "Cooperative"), upon the following terms and conditions:

1. The Applicant will pay to the Cooperative the sum of \$ 25.00 which, if this application is accepted by the Cooperative, will constitute the Applicant's membership fee.
2. The Applicant will, when electric energy becomes available, pay such security deposit as may be required and authorized by the Cooperative's tariffs and purchase from the Cooperative all electric energy used on the premises described below, paying therefor monthly at the rates and under the provisions prescribed by the Cooperative's tariffs filed with the Public Utility Commission of Texas and any other jurisdictional regulatory body. The Cooperative may limit the amount of electric energy to be furnished for industrial uses. The Applicant will pay such minimum bill as prescribed by the Cooperative's tariffs or by contract, regardless of the number of kilowatt hours consumed.
3. The Applicant will cause his premises to be wired in accordance with wiring specifications of the National Electric Code, any applicable state code or local government ordinances and of the Cooperative. The Applicant's service connection is approximately \_\_\_\_\_ feet from proposed distribution line and \_\_\_\_\_ feet from the nearest public road.
4. The Applicant will comply with and be bound by the provisions of the certificate of incorporation and by-laws of the Cooperative, its approved tariffs, and such rules and regulations as may from time to time be adopted by the Cooperative.
5. The Applicant, by paying a membership fee and becoming a member, assumes no personal liability or responsibility for any debts or liabilities of the Cooperative.

The acceptance of this application by the Cooperative shall constitute an agreement between the Applicant and the Cooperative, and the contract for electric service shall continue in force for one year from the date service is made available by the Cooperative to the Applicant, and thereafter until service is terminated.

Notwithstanding anything herein contained, the Applicant expressly agrees that the Cooperative may, prior to the acceptance of this application, use the fee for the development of a rural electrification project. If the Cooperative is unable to obtain a loan from the Rural Electrification Administration to finance the construction of such a project, the Applicant agrees that only so much of the membership fee as has not been expended for development expenses will be returned to him. If the Cooperative succeeds in establishing a rural electrification project but is unable to furnish service to the Applicant, the unexpended portion of the fee will be refunded to the Applicant.

Applicant understands and agrees that he will not become a Member of Cooperative unless and until this application is expressly accepted by the Board of Directors or the members of Cooperative, and that this application for membership, if for a service classification requiring a supplemental contract, will not be accepted unless Applicant further executes and submits such supplemental contract on the form prescribed by the Cooperative, setting forth the terms of his agreement to purchase electricity. Applicant also acknowledges receipt of copy of bylaws.

Dear Jennifer Wade,

We are enclosing two contracts for Agreement for Electric Service concerning electric service, as you requested. The contracts must be signed and the signatures notarized.

We are enclosing an easement, for Jarrell ISD's signature and the signature must also be notarized. We have attached a small form to the easement for the legal description of the property from the deed records, that we must have in order to record the easement.

It will be necessary to pay a \$25.00 membership, making you a member of our cooperative, a \$100.00 deposit or a letter of credit from your current electric utility company, and a \$20.00 record fee, a total of \$145.00 or \$45.00 and your letter of credit.

Also enclosed is a membership application, as well as information about the cooperative.

Please advise us when the meter loops are up and complete.

When we receive the contracts, the easement along with the legal description, the membership application, the meter loops are up and complete, we will schedule the job to work.

If we can be of any assistance concerning this job please call. We are looking forward to serving you in the near future.

Very truly yours,

S&B Project No. 18769

Dear Sir:

Attached you will find copies of correspondence from Bartlett Electric Cooperative, Inc. regarding contracts for electric service for the park along with an easement that needs to be executed and recorded. I thought possibly that you would want the Commissioners Court to act on this item.

If you should have any questions, please give me a call.

AGREEMENT FOR ELECTRIC SERVICE

AGREEMENT made \_\_\_\_\_, 19\_\_\_\_, between Bartlett Electric Cooperative, Inc. (hereinafter called the "Seller"), and Cunningham Constructors and Associates (hereinafter called the "Consumer") a \_\_\_\_\_ (corporation, partnership or individual)

The Seller shall sell and deliver to the Consumer, and the Consumer shall purchase all of the electric power and energy which the Consumer may need at the location described in Exhibit (1), attached hereto and by this reference made part hereof, up to 50 kilowatts, upon the following terms:

1. Service Characteristics.

a. Service hereunder shall be alternating current, single phase, three wire, sixty cycles, 240 volts.

b. The Consumer shall not use the electric power and energy furnished hereunder as an auxiliary or supplement to any other source of power and shall not sell electric power and energy purchased hereunder.

2. Payment.

a. The Consumer shall pay the Seller for service hereunder at the rates and upon the terms and conditions set forth in Service Schedule 3 of Seller's tariffs, incorporated herein by reference and made a part of this Agreement. Notwithstanding any provision of the Schedule and irrespective of Consumer's requirements for or use of electric power and energy, the demand for billing purposes hereunder shall be not less than \_\_\_\_\_ kilowatts for any billing period. In any event the Consumer shall pay to the Seller not less than \$80.00 per month for service or for having service available hereunder during the term hereof.

(EXHIBIT C - Page 2 of 5)

b. The initial billing period shall start when Consumer begins using electric power and energy, or 30 days after the Seller notifies the Consumer in writing that service is available hereunder, whichever shall occur first.

c. Bills for service hereunder shall be paid at the office of the Seller in Bartlett, State of Texas. Such payments shall be due on the \* day of each month for service furnished during the preceding monthly billing period. \*Refer to Seller's tariffs.

If the Consumer shall fail to make any such payment within sixteen days after such payment is due, the Seller may discontinue service to the Consumer giving ten (10) days' written notice to the Consumer of its intention so to do, provided, however, that such discontinuance of service shall not relieve the Consumer of any of its obligations under this Agreement.

d. The Consumer agrees that if, at any time, the rate under which the Seller purchases electric service at wholesale is modified, the Seller may make a corresponding modification in the rate for service hereunder.

e. The Consumer agrees that at any time the tariffs of the Seller (including rates) may be changed by order or consent of any regulatory authority having jurisdiction thereof, whether or not at the request of Seller or as provided by Section 2.2011 of the Public Utility Regulatory Act exempting the Seller from rate regulation, as may be applicable. Any such change shall govern this Agreement, if applicable.

f. The Consumer recognizes that the rate schedule of the Seller's wholesale energy supplier, Brazos Electric Power Cooperative, Inc. contains a ratchet billing demand clause. The Consumer agrees to reimburse the Seller for any wholesale charges which result because of his load from application of this ratchet billing demand clause.

3. Membership.

The Consumer shall become a member of the Seller and be bound by such rules and regulations as may from time to time be adopted by the Seller.

4. Continuity of Service.

The Seller shall use reasonable diligence to provide a constant and uninterrupted supply of electric power and energy hereunder. If the supply of electric power and energy shall fail or be interrupted, or become defective through act of God, Governmental authority, action of the elements, public enemy, accident, strikes, labor trouble, required maintenance work, inability to secure right-of-way, or any other cause beyond the reasonable control of Seller, the Seller shall not be liable therefor or for damages caused thereby.

5. Right of Access.

Duly authorized representatives of the Seller shall be permitted to enter the Consumer's premises at all reasonable times in order to carry out the provisions hereof.

6. Term.

This Agreement shall become effective on the date first above written and shall remain in effect until five years following the start of the initial billing period and thereafter until terminated by either party giving to the other one month's notice in writing.

7. Succession and Approval.

a. This Agreement shall be binding upon and inure to the benefit of the successors, legal representatives and assigns of the respective parties hereto.

8. Deposit.

The Consumer shall deposit with the Seller the sum of \$ -- on account of the cost of facilities required to make service available to the Consumer on or before commencement of construction of such facilities. Such deposit shall be returnable to the Consumer in the form of a credit on each bill for service in the amount of -- percent of the base bill, which credits shall continue until they total \$ --. No refunds shall be made to the Consumer of any portion of the deposit remaining upon termination of this Agreement.

9. Miscellaneous.

Motors larger than 25 horsepower shall be equipped with autotransformer type undervoltage starting equipment or equivalent motor starting equipment of a type approved by the Seller. Motors shall be started on the lowest voltage tap that will accelerate the load. Plant motors shall not be started simultaneously. The Consumer shall leave for undervoltage starting components in all motor control equipment.

The Consumer shall not operate his loads so as to cause objectionable voltage fluctuations to other Cooperative members. If either motor starting or fluctuations of the Consumer's loads cause voltage fluctuations objectionable to other Cooperative members, the Consumer shall install equipment approved by the Seller at the Consumer's expense or modify the Consumer's operation so as to reduce the flicker voltage to acceptable levels.

Damand charges may be adjusted if the average power factor is lower than 95%. Measured demand may be increased by 1% for each 1% by which the average power factor is less than 95% lagging.

AVAILABILITY

Available to general service usage of 25 KVA transformer capacity or more subject to the established rules and regulations of the Cooperative

CHARACTER OF SERVICE

Single-phase and three-phase at available secondary voltages, 60 cycles, alternating current.

MONTHLY RATE

Demand: 3.50 per KW

Energy: 1.69¢ per KWH

DETERMINATION OF BILLING DEMAND

The billing demand, except as noted below, shall be the maximum kilowatt demand established by the consumer by any period of fifteen consecutive minutes during the month for which the bill is rendered, as indicated or recorded by a demand meter and adjusted for power factor as provided hereafter, but in no event less than 75 percent of the highest billable demand established in the preceding eleven months.

For any church, synagogue or other public place which is used by the public for the exclusive purpose of conducting group religious worship services the billing demand will be 66.67% of the KW supplied during the 15-minute period of maximum use during the current month.

POWER FACTOR ADJUSTMENT

The consumer agrees to maintain unity power factor as nearly as practicable. Demand charges are subject to adjustment for consumers with 500 KW or more of measured demand to correct for average power factors lower than 90%. Such adjustments will be made by increasing the measured demand 1.1% for each 1% by which the average power factor is less than 90% lagging.

BILLING ADJUSTMENT

Fuel cost adjustments and power cost adjustments will be made in accordance with Rate Section 4 Sheet No. 5.

MINIMUM CHARGE

The minimum charge shall be the highest one of the following plus any billing adjustment:

1. \$ 80.00
2. The billing demand charge.
3. The minimum monthly charge specified in the contract.

DELIVERY POINT

Unless otherwise specified in the service contract, the delivery point shall be the metering point where service is furnished at secondary voltage, or the point of the attachment of Cooperative's primary line to the consumers' primary facilities if service is furnished at primary line voltage. All wiring, pole lines, and other equipment (except metering equipment) on the load side of the delivery point shall be owned and maintained by the consumer.

SEASONAL SERVICE UNDER MONTHLY RATE SCHEDULES

Consumers contracting for seasonal service shall be billed under the above schedule plus 25 percent and the minimum monthly charge shall not apply. Unless otherwise established by contract there shall be a minimum annual charge of not less than \$1,300.00 nor less than \$52.00 per kilowatt of the highest billing demand during the year.

TEMPORARY SERVICE

Temporary service shall be in accordance with the applicable rate schedule for the class of service except that the consumer shall pay in addition to the specified rate and charges the total cost of connecting and disconnecting service less the value of materials returned to stock. An advance deposit may be required of the full amount of the estimated bill for service including the cost of connection and disconnection.

Dear Jimmy,

I spoke with Jerry Mehevec (former Pct #4 Commissioner) about the road access to the southwest corner of your place off of CR 487.

He said the county had installed the concrete low water crossing, and had maintained the road to the southwest corner of your property (formerly the Faykus family property) for many years and therefore felt it was a county road.

We, Williamson County, plan to keep maintaining this road to your property.

Also the appraisal district shows a county roadway easement consisting of 2.01 acres which constitutes the acreage contained in this roadway.

My office will make an effort to get a county road number assigned to this road to identify it on the map for emergency services, etc.

If you have any further questions, please feel free to call me.
