INTERLOCAL AGREEMENT FOR SECURITY PATROLS

THE STATE OF TEXAS §
 §
COUNTY OF WILLIAMSON §

This Interlocal Agreement for Security Patrols (“Agreement”) is made and entered into by and between Williamson County, Texas (the “County”) and Block House Municipal Utility District (the “District”), to set forth the terms and conditions under which the County will provide additional security patrols by the Williamson County Sheriff’s Department (the “Department”) of the property within the District.

RECITALS:

WHEREAS, the District is a political subdivision of the State of Texas situated within the County; and

WHEREAS, the County is a political subdivision of the State which provides, through the Department, law enforcement services within the geographic area encompassed by the County, including the District; and

WHEREAS, the District desires to obtain increased security patrols within the District for purposes of preventing or abating offenses against the rules of the District and the laws of the State, as permitted by Section 49.216 of the Texas Water Code; and

WHEREAS, the District and the County are empowered, under Chapter 791 of the Government Code, the Texas Interlocal Cooperation Act (the “Cooperation Act”), to contract with each other for the performance of governmental functions, including police protection; and

WHEREAS, increased patrols by the Department would mutually benefit the parties, and serve to protect the public interest and the public health, safety, and welfare;

NOW, THEREFORE, know all men by these presents, that good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the District and the County agree as follows:

Section 1. Patrol Services. The County agrees to provide additional patrol services in 2 hour blocks, during high-risk periods, 4 days per week. The time blocks and the number of patrols may be changed by mutual agreement of the parties. The deputy providing the services must, at a minimum, drive through the parking lot for Block House Park and walk through the Park, including the nature trails behind basketball court, during each patrol. During each walk-through, the deputy will monitor the restrooms located in the Park for vandalism. The deputy will also enforce the District’s park curfew and park rules, including use restrictions and “no parking” regulations, and will monitor the condition of the street lighting and the traffic control and street signs within the District. The deputy will report any non-functioning street lights or missing signs to the District’s

general manager. A written report stating the date and time of each patrol and any incidents or other activities observed will be submitted monthly, by the last day of the month. This agreement will in no way relieve the County of its obligation to provide routine patrol services to property within the District on the same basis as these services are provided to other property within the County. These services are in addition to, and not in lieu of, these routine services.

Section 2. Compensation. For the additional patrol services provided by the County, the District agrees to pay, from current revenues, the lesser of (i) \$20 per hour; or (ii) one and one-half times the normal rate for patrol service per hour. The County authorizes and directs the District to pay all sums due and payable hereunder directly to the deputy providing additional patrol services to the District. The County will prepare and issue to each deputy a time sheet indicating: (a) the total hours of additional patrol services rendered by the deputy, and (b) the County's approval of the services, and forward these time sheets to the District for payment. The total amount payable by the District must not exceed \$2,500 per month. The District, in paying for the governmental services rendered by the County through the Department, will make payments out of current revenues available to the District, as required by the Cooperation Act. The District agrees to issue IRS forms 1099 to each deputy providing services, setting forth the total sum paid to the deputy for each calendar year in which services are performed.

Section 3. Performance of Patrol Services. Additional patrol services provided to the District under this Agreement will be provided by deputies employed by the Department, and the deputies will remain under the control and supervision of the County at all times. The deputies providing services under this Agreement will perform duties in the same manner as if providing patrol services within the District in the absence of this Agreement, and will remain County employees, entitled to the same benefits, and subject to the same restrictions as any other deputy; however, the direct hourly compensation to be paid to the deputy will be paid as provided in Section 2. The deputies must wear their Sheriff's Department identification (i.e. badges) and equipment and utilize Sheriff's Department patrol cars while providing services under this Agreement. All equipment, uniforms, and insurance will be the sole responsibility of the County. All deputies providing services will be acting in the course and scope of their employment by the County at all times while engaged in the performance of the additional patrol services contemplated hereunder.

Section 4. Indemnity. The District will have no liability relating to any action taken by any deputy providing services under this Agreement. To the extent permitted by applicable law, the County will indemnify the District from any liability, claim or demand, including attorney's fees for the defense thereof, arising as the result of any act or failure to act by any deputy providing services under this Agreement.
