Re: Williamson County Revenue Reporting Policy

I have requested that the attached Williamson County Revenue Reporting Policy be placed on the August 8th Commissioners Court agenda for adoption by the Court.

Williamson County does not have a policy in place. The Policy was developed to clarify the procedures to be used by all fee officers for the County. The legal requirements for the Policy have been attached for your review also. The Policy has been reviewed by the Auditor's office.

Please let me know if you have questions or concerns in regard to my request.
