RE: Proposal to locate Williamson County Jail Expansion on Georgetown Inner Loop

Dear Neighbor,

Are you aware that we may be welcoming the new county jail expansion as our neighbor – our very close neighbor – on Georgetown Inner Loop?

We all place a high value on the safety of our families, our quality of life, and the value of our properties. The County Commissioner's Court consists of 5 men. With the vote of just 3 men, all of those things will vanish and the criminal population of Williamson County will reside within 1 mile of our neighborhoods.

I have been a Churchill Farms resident since July 1999. Other than my residence, I don't own land along Inner Loop, I have no hidden agenda, and I don't organize protests as a hobby. However, our safety and the safety of our children is being jeopardized by the county. If the jail expansion is placed on Inner Loop, there will be an immediate reduction in quality of life and property value. **This is why I ask that you each call, write, and/or email each person on the attached contact list in order to firmly voice your opinion on this issue.** (*The County Sun has specifically asked for your individual opinion concerning how the jail expansion will personally affect you.*)

Motion: To build jail expansion in downtown Georgetown.

During discussion Commissioner Heiligenstein suggested the court would be suspending investigation of site location from the economic standpoint if the site decision was made at this time.

Judge Doerfler withdrew his second to the motion. He and Commissioner Boatright are attending a meeting with Landmark Development on Wednesday, January 10, 2001, to discuss money involved for each location and felt the court owed Williamson County citizens the best price available.

Commissioner Limmer withdrew his motion.

Re: Upgrade of US 79 from CR 110 to Williamson County Line

Dear Mr. Garbade:

Thank you for meeting with Commissioner Boatright and me regarding Williamson County's participation in TxDOT projects. I would like to reiterate that State Highway 79 from the Dell Diamond to the Williamson County/Milam County Line is one of our highest priority projects. SH 79 is our only major east-west roadway. Development is occurring daily, increasing traffic and limiting our ability to cost effectively acquire right-of-way for the expansion of existing SH 79 to a 4-lane divided roadway (with continuous left-turn lane and other capacity/safety enhancements) from Round Rock to east of Taylor.

The County is proposing that the design of SH 79 within these limits be changed from the current 4-lane "poor boy" to a 4 to 6-lane divided highway, and that the Texas Department of Transportation partner with Williamson County to accelerate the reconstruction of this important segment of US 79. In this partnership approach, we would propose that the responsibilities for the project be shared in the following manner:

- Environmental studies, right-of-way maps, initial design: Williamson County
- Right-of-way acquisition: 50% TxDOT/50% Williamson County
- Utility adjustments: 90% TxDOT/10% Williamson County
- Construction: TxDOT, with future contribution by Williamson County to be determined

We are proposing a very expedited schedule for this project. We have already retained the services of Carter & Burgess to prepare the environmental documents, schematic design, and right-of-way maps. Commissioner Frankie Limmer will be the point of contact for the Commissioners Court on the SH 79 upgrade program. You may reach Commissioner Limmer at 412 Vance, Suite 213, Taylor, Texas 76574, or by telephone at 352-4111. If you need additional information on the project to prepare any necessary agreements, please contact Michael Weaver at Prime Strategies, Inc. (telephone 445-7074). Mr. Weaver is serving as the Bond Program Manager for Williamson County. We request your assistance in seeking future year funding and expedited handling by TxDOT of this high priority project.

With regard to other projects in Williamson County, our consultants are currently reviewing your District's list of projects and comparing it to the County's priorities. I know that many of the projects are on both lists. And, as I told you in our meeting, Williamson County is committed to do whatever it can do to accelerate a project or help you secure funding.

The County is ready to proceed with development of the SH 79 upgrade project as soon as the necessary agreements are in place. We appreciate your assistance with this very important project, and look forward to other partnering opportunities with TxDOT to accelerate other needed transportation improvements in Williamson County.

Sincerely,

John C. Doerfler 1-9-01
