Re: Proposed Wild Life Subdivision

Dear Mr. England,

I am submitting for your review and approval seven revised copies of the above referenced subdivision plat. Please continue the review process.

As directed, additional contours and a 50' road widening easement have been added to the plat. The owner is requesting a variance to an additional 50' building line off of the easement. The 50' building line is shown on the plat as 50' from the right-of-way.

If everything is in order, please place the subdivision on the next commissioner's agenda for preliminary consideration.

If you should have any questions, please feel free to contact me.

Sincerely,

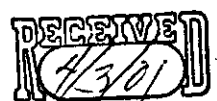

Don H. Bizzell, P.E.
