

**Judge Doerfler** stated that he had sent out a letter to elected officials and department heads requesting that they cut their budgets by 1.5% to 2% to fund the employee salary increases. He stated that if there wasn't enough money from the budget cuts to fund a full 2.5%, then his recommendation would be to determine what the percentage rate would be, move it into cost-of-living increases, and use the 2.5% for merit increases.

**Judge Doerfler** and **Commissioner Heiligenstein** discussed the need to come to an agreement with the cities to decide whether county regulations or city regulations would apply or if there would be a combination of the two, when approving plats in the cities' extraterritorial jurisdiction. Commissioner Heiligenstein also mentioned that there is a meeting in November of the CUC regarding city/county regulations for plats.
