

REGULAR AGENDA

AGENDA ITEM 14

Hold public hearing regarding parking restrictions.

Judge Doerfler announced the public hearing on parking restrictions open at 10:15 a.m. on Tuesday, December 4, 2001.

Dwight Pittman of URS stated that recent legislation (HB 2173) allows for counties to enforce parking restrictions by allowing prosecutors to assume that the registered owner of the vehicle is in violation of no-parking areas.

Judge Doerfler announced the public hearing on parking restrictions closed at 10:17 a.m. on Tuesday, December 4, 2001.

AGENDA ITEM 15

Consider adopting any parking restrictions.

Moved: **Commissioner Limmer**

Seconded: **Commissioner Hays**

Motion: To approve adoption of parking restrictions.

Vote: 4 - 0 with Commissioner Heiligenstein absent from the meeting.

AGENDA ITEM 16

Consider approving up to \$15,000.00 for grant applications for Schroeder tract parkland development.

Moved: **Commissioner Boatright**

Seconded: **Commissioner Limmer**

Motion: To approve up to \$15,000.00 for grant applications for Schroeder tract parkland development.

Vote: 4 - 0 with Commissioner Heiligenstein absent from the meeting.

AGENDA ITEM 17

Consider approving contract with Steger & Bizzell for Georgetown Inner Loop.

Moved: **Commissioner Hays**

Seconded: **Commissioner Boatright**

Motion: To approve contract with Steger & Bizzell for the section of the Georgetown Inner Loop between SH 29, FM 971 and IH 35.

Vote: 4 - 0 with Commissioner Heiligenstein absent from the meeting.

PROFESSIONAL SERVICES AGREEMENT

STATE OF TEXAS §
 §
 COUNTY OF WILLIAMSON §

This Agreement is made and entered into this day by and between Williamson County, Texas, a political subdivision of the State of Texas, (*the "County"*) and Steger & Bizzell Eng., Inc(*the "Engineer"*).

WHEREAS, *County* proposes to construct a road and bridge project;

WHEREAS, *County* desires to obtain professional services for Georgetown Inner Loop from SH 29 to
 (*the "Project"*); FM 971

WHEREAS, *Engineer* has the professional ability and expertise to fulfill the requirements of the *Project*, and to counsel *County* in the selection and analysis of cost-effective alternatives.

NOW, THEREFORE, *County* and *Engineer* agree to the performance of the professional services by *Engineer* and the payment for these services by *County* as set forth herein.

Section I
Employment of the Engineer

County agrees to employ *Engineer* and *Engineer* agrees to perform professional engineering services for the *Project* as stated in the Sections to follow. As a condition to employment, it is specifically agreed that any disputes arising hereunder shall be submitted to the County Judge or his designee and/or agent as designated in the Scope of Services in Appendix A, or as otherwise designated (*individually or collectively the "County Judge"*). The *County Judge* shall have complete authority for the purpose of resolving technical matters. In all other cases, the decision of the Williamson County Commissioners Court shall be final and binding, subject to any civil remedies otherwise deemed appropriate by the parties hereto.

Section II
Basic Services of the Engineer

- A. In consideration of the compensation herein provided, *Engineer* shall perform professional engineering services for the *Project*, which are acceptable to the *County Judge*, based on standard engineering practices and the scope of work described on the Exhibits attached to this Agreement. *Engineer* shall also serve as *County's* professional engineer in those phases of the *Project* to which this Agreement applies and will consult with and give advice to *County* during the performance of *Engineer's* services.
- B. *Engineer* shall not commence work until *Engineer* has been thoroughly briefed on the scope of the *Project* and has been notified in writing by the *County Judge* to proceed, as evidenced by a Work Authorization substantially in the form of Attachment A to Exhibit I.

Contract No. _____

- C. **County** shall provide **Engineer** with all existing plans, maps, studies, reports, field notes, statistics, computations, and other data in its possession relative to existing facilities and to this particular **Project** at no cost to **Engineer**; however, any and all such information shall remain the property of **County** and shall be returned, if the **County Judge** so instructs **Engineer**.
- D. **Engineer** shall perform the following Basic Scope of Services:
1. The basic Scope of Services shall generally consist of all elements of work, materials and equipment required for the development of the **Project**, including any Public Hearings, satisfactory to the **County Judge** and the County's Commissioners Court, in accordance with the requirements, policies, and general practices of Williamson County.
 2. The following documents shall be used in the development of the **Project**:
 - a. TxDOT 1980 Texas Manual of Uniform Traffic Control Devices for Streets and Highways, Revision 5, including:
 - i) The 1998 reprint of the Texas Manual on Uniform Traffic Control
 - ii) The September 31, 1998, Federal Highway Administration (FHWA)
 - b. Texas Department of Transportation Construction Manual
 - c. Texas Department of Transportation's Standard Specifications for
 - d. National Environmental Policy Act (NEPA)
 - e. Texas Accessibility Standards (TAS) of the Architectural Barriers Act, Article 9102, Texas Civil Statutes, Effective April 4, 1994
 - f. Americans with Disabilities Act (ADA) Regulations
 - g. U.S. Army Corps Regulations
 - h. Southern Building Code
 - i. Uniform Building Code. Note: Williamson County will use the 1997 Uniform Building Code (May 1, 1997) as a guide for design.
 - j. National Electrical Code (most current version)
 - k. Williamson County Bond Program Standard Procedures Manual
 - l. TxDOT Bridge Division Foundation Manual
 3. As part of the Scope of Services, **Engineer** shall submit its work products to **County** for review at regular intervals.
 4. The detailed Scope of Services for the **Project** is set forth herein as Appendix A to this Agreement, and is expressly incorporated and made a part hereof.

Section III
Fee schedule

- A. For and in consideration of the performance by *Engineer* of the work described in the Scope of Services, *County* shall pay and *Engineer* shall receive the fee set forth in Exhibit I. The fee is based upon the hourly rates set forth in Exhibit II. Exhibits I and II are attached hereto and made a part hereof. Invoices shall be submitted by *Engineer* on a monthly basis and are due upon presentation of all items required hereunder, and shall be considered past due if not paid within thirty (30) calendar days of the due date.
- B. For the performance of services not specifically described in the Scope of Services *Engineer* shall receive the additional services compensation described in Exhibit III, which is attached hereto and made a part hereof. In the event of any dispute over the classification of *Engineer's* services as basic or additional services under this agreement, the decision of the *County Judge* shall be final and binding on *Engineer*.

Section IV
Period of Service

- A. *Engineer* shall perform the professional services described in Appendix A, the Scope of Services, in accordance with the Production Schedule attached hereto as Exhibit IV and made a part hereof.
- B. This Agreement shall become effective upon the date approved by *County* and will remain in full force and effect for the period required for the design, construction contract award and construction of the *Project*, including warranty periods and any extensions of time, unless terminated earlier as provided for herein. *Engineer* shall complete all design work as described in the Scope of Services within 365 calendar days from receipt by *Engineer* of *County's* written Work Authorization and in accordance with the production timeline included in the Scope of Services.
- C. Neither *Engineer* nor *County* shall be responsible for delays caused by "Acts of God", non-county governmental processes, national emergency, or any other causes beyond *Engineer's* or *County's* reasonable control. Upon the discovery of such an event, *Engineer* shall notify *County*, and attend a special meeting with the *County Judge* to propose a program for a solution to the problem, and, if necessary, to establish an estimated period of time of suspension or extension of the work. A written request for an extension of time, when properly documented and justified by the circumstances, will be granted by the *County Judge*.
- D. *County* may suspend the work at any time for any reason without terminating this Agreement by giving written Notice of Suspension and the work may be reinstated and this Agreement resumed in full force and effect within sixty (60) days of receipt by *Engineer* of written Notice of Reinstatement from *County*. *Engineer*, upon receipt of a Notice of Suspension

shall follow the procedures described in the attached Exhibit V, which is attached hereto and made a part hereof. In the event such suspension of the *Project* or the *Engineer's* services hereunder extends for a period of ninety (90) days or more, consecutive or in the aggregate, *Engineer* may terminate this Agreement in writing and such termination shall be treated as a Notice of Termination as provided herein.

Contract No. _____

- E. Either party may terminate this Agreement for the substantial failure of the other party to perform in accordance with the terms of this Agreement (the substantiality of such failure to be based on standard engineering practices and the scope of work described on the Exhibits attached to this Agreement), through no material fault of the terminating party, and *County* may terminate this Agreement for reasons other than substantial failure by *Engineer* to perform by delivering a written Notice of Termination which shall take effect on the tenth day following receipt. If mutually agreed upon, the obligation to provide services under this Agreement may be terminated without cause upon thirty (30) days written notice. *Engineer* shall follow the procedures specified in Exhibit V upon issuance or receipt of such notice. In the event of termination of this Agreement because of the substantial failure of *Engineer* to perform, *County* may prosecute the work to completion by contract or otherwise and, in such a case, *Engineer* shall be liable for any additional costs incurred by *County*.
- F. *Engineer* specifically acknowledges that *County* will sustain damages for each day beyond the required dates of completion of the Preliminary and Design Phases as defined in the Scope of Services that the work has not been accepted and approved. Because of the impracticality and extreme difficulty of fixing and ascertaining *County's* actual damages, *Engineer* agrees that One hundred and No/100 Dollars (\$ 100.00) per day shall be retained by *County* from any amounts due *Engineer* for every day that *Engineer* does not meet the production requirements set forth in Exhibit IV.
- G. Periods of time (i) during which a Notice of Suspension is in effect, or (ii) during which a submitted and complete engineering work product is in technical review, as described in Section VI, or (iii) during which a delay directly related to matters described in section IV(C) above, shall not be taken into account in computing the amount of liquidated damages. In the event that an engineering work product received by *County* is found to be incomplete, as defined in Section VI, Paragraph B, the period of time from the original submittal of the engineering work product to the receipt of subsequent submittal necessary to produce a completed submittal will be taken into account in computing the number of days and the amount of liquidated damages.
- H. All references to time in this Agreement shall be measured in calendar days unless otherwise specified.

Section V Coordination with the County

- A. The *County Judge* will act on behalf of *County* with respect to the work to be performed under this Agreement. The *County Judge* shall have complete authority to interpret and define *County's* policies and decisions with respect to *Engineer's* services. The *County Judge* may designate representatives to transmit instructions and receive information.
- B. *Engineer* shall not commence work on any phase of the *Project* until a thorough briefing on the scope of the *Project* is received and a written Work Authorization is issued by the *County Judge* in substantially the form of Attachment A to Exhibit I.
- C. *Engineer* shall furnish all available data and reasonable assistance necessary for the

development of applications or supporting documentation for any permits, grants, or planning advances as applicable to the professional services to be rendered pursuant to this Agreement, provided that *Engineer* shall not be obligated to develop additional data, appear at hearings, or prepare extensive reports, unless compensated for such work under other provisions of this Agreement.

- D. *Engineer* shall have the responsibility at all times under the terms of this Agreement to advise *County* whether in *Engineer's* judgment it is feasible to proceed with the recommendations given any constraints affecting the *Project*.
- E. *Engineer* shall cooperate and coordinate with *County's* staff, and other engineers and contractors as reasonable and necessary and as required by the *County Judge*.

Section VI Review of Work Product

- A. *Engineer's* engineering work product will be reviewed by *County* under its applicable technical requirements and procedures.
 - B. Reports, plans, specifications, and supporting documents, (the "engineering work products"), shall be submitted by *Engineer* on or before the dates specified in the Production Schedule set forth in Exhibit IV. Upon receipt of the engineering work products, the submission shall be checked for completion. "Completion" shall be defined as: all of the required items (as defined by the scope of services described herein) have been included in the engineering work products in compliance with the requirements of this Agreement. The completeness of any engineering work product submitted to *County* shall be determined by *County* within thirty (30) days of such submittal and *County* shall notify *Engineer* in writing within such 30-day period if such work product has been found to be incomplete.
 - C. If the submission is complete, *County* shall notify *Engineer* and *County's* technical review process will begin.
 - D. If the submission is incomplete, *County* shall notify *Engineer*, who shall perform such professional services as are required to complete the work and resubmit it to *County*. This process shall be repeated until a submission is complete.
 - E. *County* shall review the completed work for compliance with the scope of work. If necessary, the completed work shall be returned to *Engineer*, who shall perform any required work and resubmit it to *County*. This process shall be repeated until the work is accepted. "Acceptance" shall mean that in the *County Judge's* opinion substantial compliance with the requirements of this Agreement has been achieved.
 - F. After acceptance, *Engineer* shall perform any required modifications, changes, alterations, corrections, redesigns, and additional work necessary to receive final approval by the *County Judge*. "Approval" in this sense shall mean formal recognition that the work has been fully carried out.
-

- G. After approval of final engineering work products, *Engineer* shall without additional compensation perform any work required as a result of *Engineer's* development of the products which is found to be in error or omission due to *Engineer's* negligence. However, any work required or occasioned for the convenience of *County* after approval of a final product shall be paid for as Additional Services.
- H. In the event of any dispute over the classification of *Engineer's* work products as complete, accepted, or approved under this Agreement, the decision of the *County Judge* shall be final and binding on *Engineer*, subject to any civil remedy or determination otherwise available to the parties and deemed appropriate by the parties.

Section VII Revision to Work Product

Engineer shall make without expense to *County* such revisions to the work product as may be required to correct negligent errors or omissions so the work product meets the needs of *County*, but after the approval of the work product any revisions, additions, or other modifications made at *County's* request which involve extra services and expenses to *Engineer* shall entitle *Engineer* to additional compensation for such extra services and expenses, provided however, that *Engineer* agrees to perform any necessary corrections to the work products, which are found to be in negligent error or omission as a result of the *Engineer's* development of the work product, at any time, without additional compensation. If it is necessary due to such error or omission by *Engineer* to revise the plans in order to make the *Project* constructable, *Engineer* shall do so without additional compensation. In the event of any dispute over the classification of *Engineer's* services as Basic or Additional Services under this Agreement, the decision of the *County Judge* shall be final and binding on *Engineer*, subject to any civil remedy or determination otherwise available to the parties and deemed appropriate by the parties.

Section VIII *Engineer's Responsibility and Liability*

- A. *Engineer* covenants to undertake no task in which a professional license or certificate is required unless he or someone under his direction is appropriately licensed. In the event such licensed individual's license expires, is revoked, or is canceled, *Engineer* shall inform *County* of such event within five working days.
- B. *Engineer* shall be responsible for conformance with applicable federal and state laws, county permitting requirements, and city ordinances currently in effect, except as otherwise directed by the *County Judge* regarding county permitting or similar requirements properly waivable by the *County Judge*.
-

Contract No. _____

- C. Acceptance and approval of the final plans by *County* shall not release *Engineer* of any responsibility or liability for the accuracy and competency of his designs, working drawings, specifications, or other documents or work performed under this Agreement. Neither acceptance nor approval by *County* shall be an assumption of responsibility or liability by *County* for any defect, error, or omission in the designs, working drawings, specifications, or other documents prepared by *Engineer*.
 - D. *Engineer* shall indemnify, protect, and save harmless *County*, its officials and employees and its agents and agents' employees from and against all claims, suits, actions, liability, loss, damage, reasonable attorney's fees, costs, and expenses (including, but not limited to expenses related to expert witnesses) of any kind whatsoever, to the extent arising from any negligent act, error or omission of *Engineer* or any of its subcontractors in connection with the performance of services under this Agreement; provided, however, *Engineer* shall not be responsible for the negligence of any other party, other than its subcontractors.
 - E. *Engineer's* opinions of probable *Project* cost or construction cost represent *Engineer's* professional judgment as a design professional familiar with the construction industry, but *Engineer* does not guarantee that proposals, bids, or the construction cost, itself, will not vary from *Engineer's* opinions of probable cost.
 - F. *Engineer* shall perform all services and responsibilities required of *Engineer* under this Agreement using at least that standard of care which a reasonably prudent engineer in Texas, who is licensed by the State Board of Engineers, or the State Board of Registered Professional Surveyors, as applicable, would use in similar circumstances.
 - G. *Engineer* represents that it presently has, or is able to obtain, adequate qualified personnel in its employment for performance of the services required under this Agreement and that *Engineer* shall furnish and maintain, at its own expense, adequate and sufficient personnel and equipment, in the reasonable opinion of *County*, to perform the services when and as required and without delays. It is understood that *County* will approve assignment and release of all key *Engineer* and professional personnel.
 - H. All employees of *Engineer* shall have such knowledge and experience as will enable them to perform the duties assigned to them. Any employee of *Engineer*, who in the opinion of *County* is incompetent or whose conduct becomes detrimental to the work or coordination with *County*, shall upon *County's* and/or *County Judge's* request be immediately removed from association with the *Project*.
 - I. *Engineer* shall furnish all equipment, transportation, supplies, and materials required for its operations under this Agreement.
 - J. *Engineer* shall place his Texas Professional Engineer's seal of endorsement on all documents and engineering data furnished to *County*, as required by law.
 - K. *Engineer* is an independent contractor under this Agreement. Neither he nor any officer, agent nor employee of *Engineer* shall be classified as an employee of *County*.

Section IX
Ownership of Documents

- A. Any and all documents, including the original drawings, estimates, computer tapes, graphic files, tracings, calculations, analyses, reports, specifications, field notes, and data prepared by *Engineer* are the property of *County* and upon completion of the work or termination of this Agreement or as otherwise instructed by *County* and/or *County Judge*, shall be delivered to *County* in an organized fashion with *Engineer* retaining a copy.
- B. Any reuse by *Engineer* of any such documents described in subsection A above, without the specific written consent of *County* shall be at *Engineer's* sole risk and without liability or legal exposure to *County*. Should *Engineer* be terminated, *Engineer* shall not be liable for *County's* use of partially completed designs, plans, or specifications on this *Project* or any other project, except to the extent such documents were deemed complete or otherwise "Accepted" or "Approved" as provided herein or represent completed work sealed by *Engineer*, or Surveyor, as applicable, as specified by professional standards.
- C. *Engineer* will not be responsible for any use or any modifications to the plans and documents described in subsection A performed by any entity other than Williamson County, and *County's* respective engineers and contractors, without the specific written consent of *Engineer*. Any modification as described in this paragraph shall be made in accordance with all applicable professional standards.

Section X
Maintenance of and Right of Access to Records

- A. *Engineer* agrees to maintain appropriate accounting records of costs, expenses, and payrolls of employees working on the *Project*, together with documentation of evaluations and study results for a period of three (3) years after final payment for completed services and all other pending matters concerning this Agreement have been closed.
- B. *Engineer* further agrees that *County* or its duly authorized representatives shall, until the expiration of three (3) years after final payment under this Agreement, have access to and the right to examine and photocopy any and all books, documents, papers and records of *Engineer*, which are directly pertinent to the services to be performed under this Agreement for the purposes of making audits, examinations, excerpts, and transcriptions. *Engineer* agrees that *County* shall have access during normal working hours to all necessary *Engineer* facilities and shall be provided adequate and appropriate work space in order to conduct audits in compliance with the provisions of this section. *County* shall give *Engineer* reasonable advance notice of intended audits.
- C. *Engineer* further agrees to include in all its sub-consultant agreements hereunder a provision to
-

the effect that the sub-consultant agrees that *County* shall, until the expiration of three (3) years after final payment under the subcontract, have access to and the right to examine and photocopy any directly pertinent books, documents, papers and records of such sub-consultant, involving transactions to the subcontract, and further, that *County* shall have access during normal working hours to all sub-consultant facilities, and shall be provided adequate and appropriate work space, in order to conduct audits in compliance with the provisions of this section together with subsection (D) hereof. *County* shall give sub-consultant reasonable advance notice of intended audits.

- D. *Engineer* and sub-consultant agree to photocopy such documents as may be requested by *County*. *County* agrees to reimburse *Engineer* for the cost of copies at the rate published in the Texas Administrative Code in effect as of the time copying is performed.

Section XI Miscellaneous

- A. *Severability*. Any clause, sentence, provision, paragraph, or article of this Agreement held by a court of competent jurisdiction to be invalid, illegal, or ineffective shall not impair, invalidate, or nullify the remainder of this Agreement, but the effect thereof shall be limited to the clause, sentence, provision, paragraph or article so held to be invalid, illegal, or ineffective.
- B. *Venue*. It is contemplated that this Agreement shall be performed in Williamson County, Texas, and the venue and jurisdiction of any suit, right, or cause of action arising out of or in connection with this Agreement shall lie exclusively in Williamson County, Texas. This Agreement shall be governed by and construed in accordance with the laws of the State of Texas.
- C. *Equal Opportunity in Employment*. *Engineer* agrees, during the performance of the services under this Agreement, to comply with the equal opportunity in employment provisions cited in Exhibit VI, which is attached hereto and made a part hereof.
- D. *Certificate of Engineer*. *Engineer* certifies that neither *Engineer* nor any members of *Engineer's* firm has:
- (1) Employed or retained for a commission, percentage, brokerage, contingency fee, or other consideration, any firm or person (other than a bonafide employee working solely for *Engineer*) to solicit or secure the work provided by the Agreement.
 - (2) Agreed, as an expressed or implied condition for obtaining this contract, to employ or retain the services of any firm or person other than in connection with carrying out the work to be performed under this Agreement.
 - (3) Paid or agreed to pay to any firm, organization, or person (other than bonafide employees working solely for *Engineer*) any fee, contribution, donation, or consideration of any kind for, or in connection with, procuring or carrying out the

becomes aware that **Engineer** is delinquent in the payment of property taxes related to property located in Williamson County at the time of invoicing, **Engineer** hereby assigns any payments to be made for services rendered hereunder to the Williamson County Tax Assessor-Collector for the payment of said delinquent taxes. Notwithstanding the above, **County** shall not have an affirmative duty to determine if **Engineer** is delinquent in the payment of property taxes.

- H. **Successors and Assigns.** This Agreement shall be binding upon and inure to the benefit of **County** and **Engineer** and their respective successors, executors, administrators, and assigns. Neither **County** nor **Engineer** may assign, sublet, or transfer his interest in or obligations under this Agreement without the written consent of the other party hereto.
 - I. **Bidding Exemption.** This Agreement is exempted from the bidding requirements of the County Purchasing Act pursuant to Section 262.024(a)(4) of the Local Government Code as this is a contract for professional services.
 - J. **Taxpayer Identification.** **Engineer** shall provide to **County Judge** upon submittal of **Engineer's** initial invoice requesting payment Internal Revenue Form W-9 Request for Taxpayer Identification Number and Certification that is completed in compliance with the Internal Revenue Code, its rules and regulations.
 - K. **Compliance with Laws.** **Engineer** shall comply with all federal, state, and local laws, statutes, ordinances, rules and regulations, and the orders and decrees of any courts or administrative bodies or tribunals in any matter affecting the performance of this Agreement, including, without limitation, Worker's Compensation laws, minimum and maximum salary and wage statutes and regulations, licensing laws and regulations. When required, the **Engineer** shall furnish the **County** with certification of compliance with said laws, statutes, ordinances, rules, regulations, orders, and decrees above specified.
 - L. **Reports of Accidents.** Within 24 hours after **Engineer** becomes aware of the occurrence of any accident or other event which results in, or might result in, injury to the person or property of any third person (other than an employee of the **Engineer**), whether or not it results from or involves any action or failure to act by the Engineer or any employee or agent of the Engineer and which arises in any manner from the performance of this Agreement, the Engineer shall send a written report of such accident or other event to the County, setting forth a full and concise statement of the facts pertaining thereto. The Engineer shall also immediately send the County a copy of any summons, subpoena, notice, or other documents served upon the Engineer, its agents, employees, or representatives, or received by it or them, in connection with any matter before any court arising in any manner from the Engineer's performance of work under this Agreement.
 - M. **Entire Agreement.** This Agreement represents the entire and integrated Agreement between **County** and **Engineer** and supersedes all prior negotiations, representations, or agreements, either oral or written. This Agreement may be amended only by written instrument signed by both **County** and **Engineer**. NO OFFICIAL, EMPLOYEE, AGENT, OR REPRESENTATIVE OF THE COUNTY HAS ANY AUTHORITY, EITHER EXPRESS

EXHIBIT I**COMPENSATION FOR PROFESSIONAL SERVICES****ACTUAL COST OF SERVICES METHOD**

[Note: A separate Compensation Agreement will be attached for Compensation on a Work-Order Basis]

SECTION 1 - BASIS FOR COMPENSATION

- 1.1 The not-to-be-exceeded fee for the performance of the Scope of Services described in the Agreement shall be the sum of \$500,000.
- 1.2 The basis of compensation for the services of principals and employees engaged in the performance of the work shall be the hourly rates set forth in attached Exhibit II.
- 1.3 *Engineer* shall be reimbursed for non-labor and subcontract expense incurred in the performance of the services under this Agreement at invoice cost.

SECTION 2 - NOT-TO-BE-EXCEEDED FEE

- 2.1 *Engineer* and *County* acknowledge the fact that the not-to-be-exceeded fee is the total estimated costs of services to be rendered under this Agreement. This not-to-be-exceeded fee is based upon the labor and non-labor costs set forth in Exhibit II to this Agreement and described above, estimated to be required in the performance of the various phases of work provided for under this Agreement. Should the actual costs of the services rendered under this Agreement be less than such estimated cost, then *Engineer* shall receive compensation for only those services actually rendered.

SECTION 3 - WORK AUTHORIZATIONS

- 3.1 *County* will prepare and issue Work Authorizations, in the form identified and attached hereto as Attachment A to authorize the *Engineer* to perform one or more tasks. Each Work Authorization will include a description of the work to be performed, a description of the tasks and milestones, a work schedule for the tasks, and a fee amount agreed upon by the *County* and *Engineer*. The amount payable for a Work Authorization shall be supported by the estimated cost of each work task as described in the Work Authorization. The Work Authorization will not waive the *Engineer's* responsibilities and obligations established in this Agreement. The executed Work Authorizations shall become part of this Agreement.
- 3.2 Work included in a Work Authorization shall not begin until *County* and *Engineer* have signed the Work Authorization. All work must be completed on or before the completion date specified in the Work Authorization. The *Engineer* shall promptly notify the *County* of any event which will affect completion of the Work Authorization, although such notification shall not relieve the *Engineer* from costs or liabilities resulting from delays in

Contract No. _____

completion of the Work Authorization. Any changes in the Work Authorization shall be enacted by a written Supplemental Work Authorization before additional work may be performed or additional costs incurred. Any Supplemental Work Authorization must be executed by both parties within the period specified in the Work Authorization. The *Engineer* shall not perform any proposed work or incur any additional costs prior to the execution, by both parties, of a Supplemental Work Authorization.

SECTION 4 - ADDITIONAL SERVICES

- 4.1 For additional services, compensation shall be negotiated in accordance with Exhibit III.
- 4.2 *Engineer* shall be compensated for extra services not included in the Scope of Services described in the Agreement on the basis specified in Exhibit III; however, *Engineer* shall not be compensated for work made necessary by *Engineer's* negligent errors or omissions.
- 4.3 The maximum amount payable under this Agreement without modification (the "*Compensation Cap*") is \$500,000 _____, provided that any amounts paid or payable shall be solely pursuant to a validly issued Work Authorization or any Supplemental Work Authorization related thereto. In no event may the aggregate amount of compensation authorized under Work Authorizations and Supplemental Work Authorizations exceed the *Compensation Cap*.

SECTION 5 - REQUIRED SUPPORTING DOCUMENTATION

- 5.1 Upon submittal of the initial invoice for service, *Engineer* shall provide *County Judge* with an Internal Revenue Form W-9, Request for Taxpayer Identification Number and Certification that is complete in compliance with the Internal Revenue Code, its rules and regulations.
 - 5.2 All invoices submitted to *County Judge* will be accompanied by an original, complete packet of supporting documentation. Invoices should detail hours worked by staff person, with a description of the work performed by individuals. Invoices should also contain a representation of the percentage of completion relative to that segment of the *Project*.
 - 5.3 For additional services performed pursuant to Section III B of this Agreement, a separate invoice or itemization of this work will be presented with the same requirements for supporting documentation as in Section 5.2 of this Exhibit.
 - 5.4 Invoices requesting reimbursement for expenditures related to the project (reimbursables) must be accompanied by copies of the provider's invoice which was previously paid by *Engineer*.

EXHIBIT V**PROCEDURES FOR TERMINATION OR SUSPENSION**

Procedures for *Engineer* to follow upon receipt of Notice of Termination:

1. Upon receipt of a Notice of Termination and prior to the effective date of the termination, *Engineer* shall, unless the Notice otherwise directs, immediately begin to phase out and discontinue all services in connection with the performance of this Agreement and shall proceed to promptly cancel all existing orders and contracts insofar as such orders and contracts are chargeable to this Agreement. Within thirty (30) days after receipt of the Notice of Termination *Engineer* shall submit a statement, showing in detail the services performed under this Agreement prior to the effective date of termination.
2. Copies of all completed or partially completed designs, plans, and specifications prepared under this Agreement prior to the effective date of termination shall be delivered to *County* as a pre-condition to final payment.
3. Upon the above conditions being met, *County* shall pay *Engineer* for approved services actually performed under this Agreement, less previous payments.
4. Failure by *Engineer* to submit the required statement and to comply with the above stated conditions without good and reasonable cause shall constitute a waiver by *Engineer* of any and all rights or claims to collect the fee that *Engineer* may rightfully be entitled to for services performed under this Agreement.

Procedures for *Engineer* to follow upon receipt of Notice of Suspension:

1. Upon receipt of a Notice of Suspension and prior to the effective date of the suspension, *Engineer* shall, unless the Notice otherwise directs, immediately begin to phase-out and discontinue all services in connection with the performance of this Agreement and shall prepare a statement detailing the services performed under this Agreement prior to the effective date of suspension. Copies of all completed or partially completed designs, plans and specifications prepared under this Agreement prior to the effective date of suspension shall be prepared for possible delivery to *County*, but shall be retained by *Engineer* unless requested by *County*.
 2. During the period of suspension, *Engineer* may submit the above-referenced statement to *County* for payment of the approved services actually performed under this Agreement, less previous payments.

EXHIBIT VI**EQUAL OPPORTUNITY IN EMPLOYMENT**

- A. **Engineer** will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. **Engineer** will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; termination; rates of pay or other forms of compensation, and selection for training, including apprenticeship. **Engineer** agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this non-discrimination clause.
- B. **Engineer** will, in all solicitations or advertisements for employees placed by or on behalf of **Engineer**, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex or national origin.
- C. **Engineer** will send to the labor union representative or workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided by the Contract Compliance Officer advising the said labor union or worker's representatives of **Engineer's** obligations under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- D. **Engineer** will comply with the Regulations of the Department of Transportation (49 CFR 21 and 23 CFR 710.405) and all provisions of Executive Order 11246 of September 24, 1965, as amended by Executive Order 11375 (41 CFR 60) and of the rules, regulations and relevant order of the Secretary of Labor.
- E. **Engineer** will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations and orders of the Secretary of Labor, or pursuant thereto; and will permit access to his books, records, and accounts by the Department and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations and orders.
- F. In the event of **Engineer's** non-compliance with the non-discrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and **Engineer** may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, as amended by Executive Order 11375 (41 CFR 60) or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
- G. **Engineer** will include the provisions of paragraph (A.) through (F.) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 or Executive Order 11246 of September 24, 1965, as amended by Executive Order 11375 (41 CFR 60), so that such provisions will

EXHIBIT VII**INSURANCE REQUIREMENTS**

During the life of this Agreement, *Engineer* agrees to provide and maintain the following insurance:

- A. Worker's Compensation in accordance with statutory requirements.
- B. Commercial General Liability Insurance with a combined minimum Bodily Injury and Property Damage limits of \$ 300,000 per occurrence and \$ 600,000 in the aggregate, including coverage on same for independent subcontractor(s). WILLIAMSON COUNTY SHALL BE NAMED AS AN ADDITIONAL INSURED UNDER THIS COVERAGE.
- C. Automobile Liability Insurance for all owned, non-owned, and hired vehicles with combined minimum limits for Bodily Injury and Property Damage limits of \$ 250,000 per occurrence and \$ 500,000 in the aggregate. *Engineer* shall require any subcontractor(s) to provide Automobile Liability Insurance in the same minimum amounts.
- D. Professional Liability Errors and Omissions Insurance in the amount of \$ 1,000,000.
- E. In the event *Engineer* is self-insured in connection with any or all of the above-required insurance policies, *Engineer* shall submit proof of such self-insurance and all financial statements as reasonably required by the *County* in order to determine the acceptability of such self-insurance.

Engineer shall not commence any field work under this Agreement until he has obtained all required insurance and such insurance or self-insurance has been approved by *County*. *Engineer* shall not allow any subcontractor(s) to commence work to be performed in connection with this Agreement until all required insurance has been obtained and approved. Approval of the insurance by *County* shall not relieve or decrease the liability of *Engineer* hereunder.

The required insurance must be written by a company approved to do business in the State or Texas with a financial standing of at least an A- rating, as reflected in Best's insurance ratings or by a similar rating system recognized within the insurance industry at the time the policy is issued. *Engineer* shall furnish *County* with a certification of coverage issued by the insurer. *Engineer* shall not cause any insurance to be canceled nor permit any insurance to lapse. ALL INSURANCE CERTIFICATES SHALL INCLUDE A CLAUSE TO THE EFFECT THAT THE POLICY SHALL NOT BE CANCELED OR REDUCED, RESTRICTED OR LIMITED UNTIL TEN (10) DAYS AFTER COUNTY HAS RECEIVED WRITTEN NOTICE AS EVIDENCED BY RETURN RECEIPT OF REGISTERED OR CERTIFIED LETTER.

It is the intention of the *County* and the *County Judge*, and agreed to and hereby acknowledged by the *Engineer*, that no provision of this Professional Services Agreement shall be construed to require the *County* or the *County Judge* to submit to mandatory arbitration or mediation in the settlement of any claim, cause of action or dispute, except as specifically required in direct connection with an insurance claim or threat of claim under an insurance policy required under this Exhibit which

APPENDIX B

CONTRACTOR'S QUALIFICATIONS STATEMENT

APPENDIX A ATTACHMENT
PROJECT SCOPE AND SCOPE OF SERVICES

Project Scope

The project consists of the necessary tasks to design the first phase (two lanes) of the Georgetown Inner Loop from SH 29 to FM 971.

Scope of Services by Engineer

Engineer will initially make a study of existing topographical data and make a preliminary recommendation to County as to the most reasonable and economical route or routes for the proposed roadway. After consultation with County and approval of the selected route, Engineer will proceed to perform surveys to confirm topographical data and to establish on the ground the centerline of the proposed roadway such that an environmental study can be performed by others.

After the County Environmental Consultant completes its study of the selected right-of-way, Engineer will proceed with preparation of the documents necessary for submittal of a Water Pollution Abatement Plan as required by the Texas Natural Resource Conservation Commission (TNRCC).

Upon receiving approval of the WPAP, Engineer will proceed with the detail design of the roadway and associated drainage structures. Engineer will periodically meet with appropriate representatives of County to receive comments and/or approval of the design work as it progresses. Engineer will also provide County with legal descriptions of the parcels of land to be acquired by County for construction of the project.

Engineer will prepare specification and plan quantities adequate for County to prepare Bid and Contract documents. Engineer will assist County in answering questions during the bidding phase, issue addendums to the bid documents as appropriate and provide County with a bid tabulation and recommendation as to award of the construction contract.

After contract is awarded, Engineer will establish baselines and benchmarks adequate for the contractor to perform its control surveying necessary for construction of the project.

As construction progresses, Engineer will review monthly pay estimates submitted by the contractor and prepare a recommendation of payment. Engineer will perform periodic (weekly) inspections of the construction work as it progresses. Engineer will not be responsible for the resident inspection duties unless County requests an amendment to this agreement for Engineer to perform such duties. *If resident services are required of Engineer, they shall be considered as Additional Services and not included under Basic Services.*

At project construction completion, Engineer will make a final inspection of the project for completeness and compliance with the intent of the drawings and specifications. When Engineer is satisfied with the final constructed product, Engineer will issue a certification to County so stating.

Service to be Provided by County

County shall provide to Engineer copies of aerial mapping electronic files for the project for use by Engineer in studying the right-of-way and designing the project.

County shall be responsible for contracting with a Geotechnical Engineering firm to make the necessary soil borings and roadway structure recommendations.

County shall be responsible for all utility relocation work that may be required to accommodate construction of the project.

County shall be responsible for conducting any environmental and/or archaeological studies and shall pay all fees required in order to make submittals to the various State and Federal Agencies

County shall be responsible for providing engineer with copies of deeds to lands purchased for construction of the project.

Part II For Payees Exempt From Backup Withholding (See Part II instructions on page 2)

Part III Certification

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding.

Certification Instructions.—You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because of underreporting interest or dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, the acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally payments other than interest and dividends, you are not required to sign the Certification, but you must provide your correct TIN. (Also see Part III instructions on page 2.)

Purpose of Form.—A person who is required to file an information return with the IRS must get your correct TIN to report income paid to you, real estate transactions, mortgage interest you paid, the acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA. Use Form W-9 to give your correct TIN to the requester (the person requesting your TIN) and, when applicable, (1) to certify the TIN you are giving is correct (or you are waiting for a number to be issued), (2) to certify you are not subject to backup withholding, or (3) to claim exemption from backup withholding if you are an exempt payee. Giving your correct TIN and making the appropriate certifications will prevent certain payments from being subject to backup withholding.

Note: If a requester gives you a form other than a W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

What Is Backup Withholding?—Persons making certain payments to you must withhold and pay to the IRS 31% of such

payments under certain conditions. This is called "backup withholding." Payments that could be subject to backup withholding include interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

If you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return, your payments will not be subject to backup withholding. Payments you receive will be subject to backup withholding if:

- You do not furnish your TIN to the requester, or
- The IRS tells the requester that you furnished an incorrect TIN, or
- The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
- You do not certify to the requester that you are not subject to backup withholding under 3 above (for reportable

interest and dividend accounts opened after 1983 only), or

- You do not certify your TIN. See the Part III instructions for exceptions.

Certain payees and payments are exempt from backup withholding and information reporting. See the Part II instructions and the separate **Instructions for the Requester of Form W-9**.

How To Get a TIN.—If you do not have a TIN, apply for one immediately. To apply, get Form SS-5, Application for a Social Security Number Card (for individuals), from your local office of the Social Security Administration, or Form SS-4, Application for Employer Identification Number (for businesses and all other entities), from your local IRS office.

If you do not have a TIN, write "Applied For" in the space for the TIN in Part I, sign and date the form, and give it to the requester. Generally, you will then have 60 days to get a TIN and give it to the requester. If the requester does not receive your TIN within 60 days, backup withholding, if applicable, will begin and continue until you furnish your TIN.

AGENDA ITEM 18

Hold public hearing on replacing yield signs with stop signs at Vortac and Cavu onto Airport Road.

Judge Doerfler announced the public hearing on replacing yield signs with stop signs at Vortac and Cavu onto Airport Road open at 10:20 a.m. on Tuesday, December 4, 2001.

Dwight Pittman of URS stated that the County Engineer's office is in favor of the change.

Judge Doerfler announced the public hearing on replacing yield signs with stop signs at Vortac and Cavu onto Airport Road closed at 10:22 a.m. on Tuesday, December 4, 2001.

AGENDA ITEM 19
