AGENDA ITEM 1

Hear any interested person and consider forming the next agenda or adding items to today's agenda.

Terry May of 40203 Heritage Hollow, Georgetown, addressed the court concerning traffic problems and road deterioration attributed to the San Gabriel River RV Resort in his neighborhood. He stated that, although it is supposed to be a recreational RV resort, there are people living in it who are using Heritage Hollow as access to FM 971. He stated that Tim Wright, owner of the RV park, has a small private easement on the road for his house that is being used for commercial vehicles and as access for the RV park. He stated that there are diesel trucks driving down the road at 4:00 a.m. and drivers speeding down the road. Mr. May stated that there are over 30 residents who actually live in the RV park full time.

Commissioner Heiligenstein suggested that the court get back to Mr. May with a report on the situation. Judge Doerfler suggested that Commissioner Hays, Paulo Pinto from the Health Department, and Dale Rye from the County Attorney's office go out and assess the situation. Commissioner Boatright stated that it sounds as if there might be a compliance issue regarding roads and health department permits.

Mr. May stated that he and his wife had been threatened for asking people to slow down on Heritage Hollow. He stated that the neighborhood association asks only that the RV park residents take another available route to FM 971.

Virginia Stubbs, President of the Downtown Georgetown Association, addressed the court regarding parking in the downtown area while the jail and justice center are under construction, particularly regarding jurors. She expressed concern that the jurors would take up all of the available parking downtown and would not leave enough parking for customers of downtown merchants. Ms. Stubbs requested that all of the entities involved in the issue come together to address the short-term and long-term parking issues.
