<b>REGULAR AGENDA</b>
-----------------------

**AGENDA ITEM 22**

County Loss Control Committee and the Texas Association of Counties representatives to present the 2001 Gold Star Safety Award to Commissioners and County Judge.

Texas Association of Counties Field Service Representative John Payne gave an overview of TAC services and commended the County Judge and the Commissioners for their support.

John Payne and Jack Coffey, Safety Specialist, of the Texas Association of Counties presented the 2001 Gold Star Safety Award to the court and to County Safety Committee members: Lee Garrett, Judy Carver, Jeff Hayes, Shirley Taylor, Kim Hyatt, and Bob Space. Also currently serving on the Safety Committee but not present are Dave Murray and Mike Thompson.

Mr. Payne stated that 230 counties participate in the program, but only 4 awards are given out each year.

WILLIAMSON COUNTY EARNs  
PRESTIGIOUS GOLD STAR SAFETY AWARD

AUSTIN — Williamson County has been awarded a 2001 Gold Star Safety Award by the Texas Association of Counties (TAC), which administers various self-insurance pools for counties and other local governments.

The Gold Star award was earned through a record of excellence in the involvement and commitment to safety in the workplace, as well as for controlling Workers' Compensation claims.

Only 4 counties in Texas received this prestigious award making it a truly exceptional award reserved for counties with the highest degree of safety commitment and success.

This puts Williamson County's program in the top 2% of those counties participating in the self-insurance pool of over 200 counties in which Williamson County participates.

These safety and loss control programs are evaluated by the Texas Association of Counties Safety Specialists who work with each pool member to develop and enhance their safety management and training efforts.

In the evaluation of the program, the following criteria are considered:

- Safety program elements in place;
  - Activity and success of program in the 2001 calendar year;
  - Support for the program by the upper management, governing board or commission that directs the operations of the entity;
  - Recent loss history; and
  - Improvement in the safety program since 2000.
