AGENDA ITEM 1

Hear any interested person and consider forming the next agenda or adding items to today's agenda.

Lucille Turner of Cedar Park addressed the court concerning taxes assessed on property owned by citizens 65 years of age and over. She asked that the court consider raising the tax exemption by \$10,000, and reminded the court that the exemption has not been increased in the last 8 years, although property values have been increasing on a yearly basis.

Capital Metro Representative David Harper gave a monthly report.

Ed Lee of Broaddus & Associates gave an update on the jail/courthouse annex expansion project, noting that there is an approaching deadline of June 30th on prices for alternate items, including finishing out the 3rd and 4th levels of the jail and the 5th level of the parking garage. He stated that since these prices are a year old and since construction prices are not escalating, the prices should be reviewed before agreeing to them.

Joe Latteo discussed the County's participation in the Public Power Pool. He stated that there should be approximately a 25% savings for the portion of the County's power usage that is served by the pool.

Commissioner Boatright requested that a proclamation commending Theresa Ann Garner for her work on the park and the public library in Liberty Hill be noted in the minutes.
