This is a written request for your authorization to write-off the balances of cases which show balances under \$100. There were never any warrants issued on these and frankly the balance does not justify the cost to collect them. These fifteen cases only amount to \$858.57 between all of the courts. Please sign below if you agree that the process can proceed to allow these balances to be written off.

Re: Contract

Dear Sir,

I think we are of like mind in our ideas on providing good quality medical care to the prisoners of Williamson County Jail. And at the same time we can keep down cost and damages from law suits.

1. I will provide medical coverage by physically being at the infirmary seeing patients no less than 8 hours per week. (Two four hour periods). I will do this 48 weeks per year. I will see all patients requiring out-patient medical attention. I will follow-up on all lab test, radiographs, and all patients who have had medical attention outside the jail infirmary.
2. I will provide consultation to the Lead Paramedic of the infirmary (currently Annette Hawkins or her designee) on all questions of out patient medical care.
3. I will be "on-call" Monday through Friday for phone consultation to the Medical Officers of the infirmary unless I otherwise arrange to be absent for special occasions. When out of town, I will notify the infirmary in writing.
4. I will expect help in seeing the patients from both the Lead Paramedic and medical officer personnel. A "can-do" attitude will be needed by all of us to get the job done correctly.
5. I will expect medical malpractice coverage to be provided by the county.
6. I request a salary of \$52,000 per year. I expect to work as an independent contractor although this point is negotiable. I request the salary to be split into monthly increments.
