1. It is the intent of the Commissioners' Court to award contracts separately for each item, for each department, and for each distinct geographical area served by a department. However, any bidder who wishes to restrict his BID to particular departments or areas must expressly do so. For purposes of this notice, each Commissioner or Justice Precinct is a separate department.

(1) Unless the BID received expressly states that the bidder will accept only the award of all items proposed, each item in the BID will be considered separately and will be rejected or awarded on a low item basis.

(2) Unless the BID expressly states that the bidder will accept only an award for the entire county government, contracts will be awarded separately for the requirements of each county department to the bidder who is lowest and best for that individual department.

(3) Similarly, unless the notice or BID expressly states otherwise, BIDS will be considered separately for each distinct geographic area served by each department and will be awarded to the lowest and best bidder who can provide service to the department in that particular area. The definition of these geographic areas, unless expressly stated in this notice or the BID, shall be at the discretion of Commissioners' Court at the time a BID is awarded.

2. No more than one BID will be awarded for any item for a single department and area. All BIDS may be rejected for some items, departments or areas, even though awards are made for others. The convenience of having a single source for similar items will be taken into consideration together with price in determining the lowest and best BID.
3. All of the items listed are to be Free On Board to final destination (FOB DESTINATION) with all transportation charges if applicable to be included in the price, unless otherwise specified in the Invitation for Bids. The title and risk of loss of the goods shall not pass to the County until receipt and acceptance takes place at the FOB point.
4. All of the items listed are to be on a "per unit" basis, stating a firm price per unit or unit quantity of each item. **This price must be good from the date of BID opening for a fixed period of time. Unless the BID expressly states otherwise, this period shall be until the end of the current fiscal year on September 30, 2003. Bids which do not state a fixed price, or which are subject to change without notice, will not be considered.** The Court may award a contract for the period implied or expressly stated in the lowest and best BID, but for no longer than the current fiscal year.
5. At the end of the current fiscal year, the Commissioners Court reserves the right to extend this contract, by mutual agreement of both parties, as it deems to be in the best interest of the county. This extension will be in twelve (12) month increments for up to an additional twenty four (24) months, with the terms and conditions remaining the same; and with a price escalation at renewal time each year of no more than the consumer price index for that year. The total period of this contract, including all extensions will not exceed a maximum combined period of thirty-six (36) months. The extension of this contract is contingent on the appropriation of necessary funds by Commissioners Court for the fiscal year in question. Upon the failure of Commissioners Court to so appropriate in any year, the Contractor may elect to terminate this agreement, with no additional liability to the County. The County and the Contractor agree that termination shall be the Contractors sole remedy under this circumstance.
6. The estimated quantity of each item listed in the notice is only an estimate -- the actual quantity to be purchased may be more or less. The County will not be obligated to purchase any minimum amount, and it may purchase any reasonable amount greater than the estimate for the same unit price. Any limit on quantities available must be stated expressly in the BID.
7. It is understood that the Commissioners Court of Williamson County, Texas, reserves the right to accept or reject any and/or all BIDS for any or all materials and/or services covered in this BID request, and to waive informalities or defects in the BID or to accept such BID it shall deem to be in the best interest of Williamson County.
8. Awards should be made approximately four (4) weeks after the BID opening date. To obtain results, or if you have any questions, please contact Ginny Atkinson at (512) 943-1554.

9. **Funding:** Funds for payment have been provided through the Williamson County budget approved by Commissioners Court for the October 1, 2002/September 30, 2003 fiscal year.
  10. **Late BID:** BIDS received after submission deadline shall be unopened and will be considered VOID AND UNACCEPTABLE. Williamson County is not responsible for lateness of mail, carrier, etc.
  11. **Altering BID:** BIDS cannot be altered or amended after submission deadline.
  12. **Sales Tax:** Williamson County is by statute, exempt from the State Sales Tax and Federal Excise Tax.
  13. **Contract:** This BID, when properly accepted by Williamson County, shall constitute a contract equally binding between the successful bidder and Williamson County. No different or additional terms will become part of this contract.
  14. **Changes:** No oral statement of any person shall modify or otherwise change, or affect the terms, conditions, plans and/or specifications stated in the various BID Packages and or BID Instructions/Requirements.
  15. **Delivery Times and Locations:** The commodity and/or service covered by this BID shall be as stated in the various BID Packages.
  16. **Payments:** Payment shall be made by check from the County upon satisfactory delivery and acceptance of items and submission of the Invoice to the ordering department. For purposes of payment discounts, time will begin upon satisfactory delivery of goods and/or submission of acceptable invoice, whichever is last. Partial payments will not be made unless specifically requested and approved by the County prior to contract award. As a minimum, invoices shall include:
    - (1) Name, address, and telephone number of Contractor and similar information in the event the payment is to be made to a different address
    - (2) County contract, Purchase Order, and/or delivery order number
    - (3) Identification of items or service as outlined in the contract
    - (4) Quantity or quantities, applicable unit prices, total prices, and total amount
    - (5) Any additional payment information which may be called for by the contract
- Payment inquiries should be directed to the Auditor's Office, Accounts Payable Department: Donna McKittrick, 943-1558 or Kathy Blankenship, 943-1557.
17. **Conflict of Interest:** No public official shall have interest in a contract, in accordance with Vernon's Texas Codes Annotated, Local Government Code Title 5, Subtitle C, Chapter 171.
  18. **Ethics:** The bidder shall not accept or offer gifts or anything of value nor enter into any business arrangement with any employee, official or agent of Williamson County.
  19. **Minimum Standards for Responsible Bidders:** A prospective bidder must affirmatively demonstrate bidder's responsibility. A prospective bidder must meet the following requirements:
    - a. have adequate financial resources, or the ability to obtain such resources as required;
    - b. be able to comply with the required or proposed delivery schedule;

- c. have a satisfactory record of performance;
- d. be otherwise qualified and eligible to receive an award.

Williamson County may request representation and other information sufficient to determine bidder's ability to meet these minimum standards listed above.

- 20. References: Williamson County **REQUIRES** bidder to supply with this BID, a list of at least **three (3) references** where like services have been supplied by their firm. Include name of firm, address, telephone number and name of representative.
- 21. Bidder shall: provide with this BID response, all documentation required by this BID. Failure to provide this information may result in rejection of the BID.
- 22. Termination for Default: Williamson County reserves the right to enforce the performance of this contract in any manner prescribed by law or deemed to be in the best interest of the County in the event of breach or default of this contract. Non-Performance of the bidder in terms of specifications shall be a basis for the termination of the contract by the County. The County shall not pay for commodities/services which are unsatisfactory. Vendors will be given a reasonable opportunity before termination to correct the deficiencies. This, however, shall in no way be construed as negating the basis for termination for non-performance.
- 23. Contract Administration: Under this contract, Ginny Atkinson, Assistant Purchasing Director, Williamson County Auditor's Office, shall be the contract administrator with designated responsibility to ensure compliance with contract requirements, such as but not limited to, acceptance, inspection and delivery. The contract administrator will serve as liaison between Williamson County Commissioners Court and the successful bidder.
- 24. Purchase Order: A purchase order(s) shall be generated by Williamson County to the successful bidder as products and/or services are required. The purchase order number must appear on all itemized invoices and/or request for payment.
- 25. Silence of Specifications: The apparent silence of these specifications as to any detail or to the apparent omission from it of a detailed description concerning any point, shall be regarded as meaning that only the best practices are to prevail. All interpretations of these specifications shall be made on the basis of this statement.
- 26. **BIDS MUST BE:** legible and of a quality that can be reproduced.
- 27. BID forms that are included in the BID package shall be used. **CHANGES to BID forms made by bidders shall DISQUALIFY THE BID.** Exceptions to the BID forms and or specifications shall be made on an **attachment** to the BID package. **Call Ginny Atkinson (512) 943-1554 for explanation if exceptions are needed.**

**FACSIMILE AND ELECTRONIC MAIL TRANSMITTALS SHALL NOT BE ACCEPTED.**

1. It is the intent of the Commissioners' Court to award contracts separately for each item, for each department, and for each distinct geographical area served by a department. However, any bidder who wishes to restrict his BID to particular departments or areas must expressly do so. For purposes of this notice, each Commissioner or Justice Precinct is a separate department.

(1) Unless the BID received expressly states that the bidder will accept only the award of all items proposed, each item in the BID will be considered separately and will be rejected or awarded on a low item basis.

(2) Unless the BID expressly states that the bidder will accept only an award for the entire county government, contracts will be awarded separately for the requirements of each county department to the bidder who is lowest and best for that individual department.

(3) Similarly, unless the notice or BID expressly states otherwise, BIDS will be considered separately for each distinct geographic area served by each department and will be awarded to the lowest and best bidder who can provide service to the department in that particular area. The definition of these geographic areas, unless expressly stated in this notice or the BID, shall be at the discretion of Commissioners' Court at the time a BID is awarded.

2. No more than one BID will be awarded for any item for a single department and area. All BIDS may be rejected for some items, departments or areas, even though awards are made for others. The convenience of having a single source for similar items will be taken into consideration together with price in determining the lowest and best BID.
3. All of the items listed are to be Free On Board to final destination (FOB DESTINATION) with all transportation charges if applicable to be included in the price, unless otherwise specified in the Invitation for Bids. The title and risk of loss of the goods shall not pass to the County until receipt and acceptance takes place at the FOB point.
4. All of the items listed are to be on a "per unit" basis, stating a firm price per unit or unit quantity of each item. This price must be good from the date of BID opening for a fixed period of time. Unless the BID expressly states otherwise, this period shall be until the end of the current fiscal year on September 30, 2003. Bids which do not state a fixed price, or which are subject to change without notice, will not be considered. The Court may award a contract for the period implied or expressly stated in the lowest and best BID, but for no longer than the current fiscal year.
5. At the end of the current fiscal year, the Commissioners Court reserves the right to extend this contract, by mutual agreement of both parties, as it deems to be in the best interest of the county. This extension will be in twelve (12) month increments for up to an additional twenty four (24) months, with the terms and conditions remaining the same; and with a price escalation at renewal time each year of no more than the consumer price index for that year. The total period of this contract, including all extensions will not exceed a maximum combined period of thirty-six (36) months. The extension of this contract is contingent on the appropriation of necessary funds by Commissioners Court for the fiscal year in question. Upon the failure of Commissioners Court to so appropriate in any year, the Contractor may elect to terminate this agreement, with no additional liability to the County. The County and the Contractor agree that termination shall be the Contractors sole remedy under this circumstance.
6. The estimated quantity of each item listed in the notice is only an estimate -- the actual quantity to be purchased may be more or less. The County will not be obligated to purchase any minimum amount, and it may purchase any reasonable amount greater than the estimate for the same unit price. Any limit on quantities available must be stated expressly in the BID.
7. It is understood that the Commissioners Court of Williamson County, Texas, reserves the right to accept or reject any and/or all BIDS for any or all materials and/or services covered in this BID request, and to waive informalities or defects in the BID or to accept such BID it shall deem to be in the best interest of Williamson County.
8. Awards should be made approximately four (4) weeks after the BID opening date. To obtain results, or if you have any questions, please contact Ginny Atkinson at (512) 943-1554.
9. Funding: Funds for payment have been provided through the Williamson County budget approved by Commissioners Court for the October 1, 2002/September 30, 2003 fiscal year.
10. Late BID: BIDS received after submission deadline shall be unopened and will be considered VOID AND UNACCEPTABLE. Williamson County is not responsible for lateness of mail, carrier, etc.
11. Altering BID: BIDS cannot be altered or amended after submission deadline.
12. Sales Tax: Williamson County is by statute, exempt from the State Sales Tax and Federal Excise Tax.

13. **Contract:** This BID, when properly accepted by Williamson County, shall constitute a contract equally binding between the successful bidder and Williamson County. No different or additional terms will become part of this contract.
14. **Changes:** No oral statement of any person shall modify or otherwise change, or affect the terms, conditions, plans and/or specifications stated in the various BID Packages and or BID Instructions/Requirements.
15. **Delivery Times and Locations:** The commodity and/or service covered by this BID shall be as stated in the various BID Packages.
16. **Payments:** Payment shall be made by check from the County upon satisfactory delivery and acceptance of items and submission of the invoice to the ordering department. For purposes of payment discounts, time will begin upon satisfactory delivery of goods and/or submission of acceptable invoice, whichever is last. Partial payments will not be made unless specifically requested and approved by the County prior to contract award. As a minimum, invoices shall include:

- (1) Name, address, and telephone number of Contractor and similar information in the event the payment is to be made to a different address
- (2) County contract, Purchase Order, and/or delivery order number
- (3) Identification of items or service as outlined in the contract
- (4) Quantity or quantities, applicable unit prices, total prices, and total amount
- (5) Any additional payment information which may be called for by the contract

Payment inquiries should be directed to the Auditor's Office, Accounts Payable Department: Donna McKittrick, 943-1558 or Kathy Blankenship, 943-1557.

17. **Conflict of Interest:** No public official shall have interest in a contract, in accordance with Vernon's Texas Codes Annotated, Local Government Code Title 5, Subtitle C, Chapter 171.
18. **Ethics:** The bidder shall not accept or offer gifts or anything of value nor enter into any business arrangement with any employee, official or agent of Williamson County.
19. **Minimum Standards for Responsible Bidders:** A prospective bidder must affirmatively demonstrate bidder's responsibility. A prospective bidder must meet the following requirements:
  - a. have adequate financial resources, or the ability to obtain such resources as required;
  - b. be able to comply with the required or proposed delivery schedule;
  - c. have a satisfactory record of performance;
  - d. be otherwise qualified and eligible to receive an award.

Williamson County may request representation and other information sufficient to determine bidder's ability to meet these minimum standards listed above.

20. **References:** Williamson County **REQUIRES** bidder to supply with this BID, a list of at least three (3) references where like services have been supplied by their firm. Include name of firm, address, telephone number and name of representative.

21. Bidder shall: provide with this BID response, all documentation required by this BID. Failure to provide this information may result in rejection of the BID.
22. Termination for Default: Williamson County reserves the right to enforce the performance of this contract in any manner prescribed by law or deemed to be in the best interest of the County in the event of breach or default of this contract. Non-Performance of the bidder in terms of specifications shall be a basis for the termination of the contract by the County. The County shall not pay for commodities/services which are unsatisfactory. Vendors will be given a reasonable opportunity before termination to correct the deficiencies. This, however, shall in no way be construed as negating the basis for termination for non-performance.
23. Contract Administration: Under this contract, Ginny Atkinson, Assistant Purchasing Director, Williamson County Auditor's Office, shall be the contract administrator with designated responsibility to ensure compliance with contract requirements, such as but not limited to, acceptance, inspection and delivery. The contract administrator will serve as liaison between Williamson County Commissioners Court and the successful bidder.
24. Purchase Order: A purchase order(s) shall be generated by Williamson County to the successful bidder as products and/or services are required. The purchase order number must appear on all itemized invoices and/or request for payment.
25. Silence of Specifications: The apparent silence of these specifications as to any detail or to the apparent omission from it of a detailed description concerning any point, shall be regarded as meaning that only the best practices are to prevail. All interpretations of these specifications shall be made on the basis of this statement.
26. BIDS MUST BE: legible and of a quality that can be reproduced.
27. BID forms that are included in the BID package shall be used. CHANGES to BID forms made by bidders shall DISQUALIFY THE BID. Exceptions to the BID forms and or specifications shall be made on an attachment to the BID package. Call Ginny Atkinson (512) 943-1554 for explanation if exceptions are needed.
