

AGENDA ITEM 21

Consider approving positions in the Parks Department (510).

Judge Doerfler mentioned that when the budget was passed only a total salary line item was passed for the Parks Department, not individual slots.

Judge Doerfler stated his only concern was with the position slotted for a tennis pro. **Commissioner Boatright** and Jim Rodgers, stated that this will provide for a degree of professionalism in park operation, it will provide someone to collect fees, and reduce maintenance costs on the courts. This position will be monitored for one year to see if the revenue offset the cost.

Moved: **Commissioner Heiligenstein**

Seconded: **Commissioner Boatright**

Motion: To approve positions in the Parks Department (510).

Vote: **5 - 0**
