Subject: Additional \$200.00 for Round Rock change drawer

Currently the Round Rock substation has a change drawer with a \$500.00 balance. This is used to make change during ordinary business transactions; however, as the number of transactions increases, we find the current amount to be inadequate. Because it takes two days before we receive change back from Union State Bank through the courier service, we often find ourselves in a bind for change and end up making a trip to the bank ourselves.

Increasing the change drawer by \$200.00 would be a tremendous help to our office and customers.

Thank you for your consideration.
