Philly® Patriot® Collar

MEASUREMENT & SIZING

Proper sizing is important for patient immobilization and comfort. Always maintain the patient's head in neutral alignment.

HEIGHT:

Measure the vertical distance from the top of the patient's shoulder to the tip of the chin (Fig. A).

The measurement corresponds to the HEIGHT of the Collar.

If the patient's measurement falls between two consecutive sizes, apply the smaller size first.

CIRCUMFERENCE:

Measure around the patient's neck (Fig. B).

The measurement corresponds to the size CIRCUMFERENCE of the Collar.

APPLICATION

Proper application of the Collar is as important as proper sizing for immobilization and patient comfort. The one-piece design consists of a single piece which is packaged as a unit.

SIZE COLLAR

Find the **SIZING LINE** on the Collar and position your lowest finger on the line. Select the size closest to the height of your finger.

LOCK SIZE

Position the Collar with the selected size. Press the lock into the Collar until secured. Verify by attempting to readjust. If movement occurs, repeat procedure until the Collar is secure.

ADJUST SIZE

To unlock, simply push the lock to return the lock to its unsecured position. Determine the proper height for the patient and press the lock into the selected size. Verify by attempting to readjust. If movement occurs, repeat procedure until the Collar is secure.

After selecting the properly sized Collar, apply the Collar to the patient's neck. The chin should be secured by the patented molded chin support.

If the patient is in a supine position, slide the **BACK** part of the Collar behind the patient's neck until the Velcro® strap is visible.

The Velcro® strap is brought around the back of the patient's neck and secured to the Velcro® hook fastener.

Before attaching the Velcro® strap, make certain the patient's head and the Collar are in neutral alignment. If the chin is not sufficiently supported, tighten Collar. If additional tightening results in patient extension, select smaller size.

THIRTY DAYS: Awards should be made approximately thirty (30) days after the bid opening date. Results may be obtained by contacting the Purchasing Contact.

REJECTION OR ACCEPTANCE: No more than one bid will be awarded for any item, single department or area. Bids may be rejected for some items, departments or areas, even though awards are made for others. The convenience of having a single source for similar items will be taken into consideration together with price in determining the lowest and best bid.

It is understood that the Commissioners Court of Williamson County, Texas, reserves the right to accept or reject any and/or all bids for any or all materials and/or services covered in this bid request, and to waive informalities or defects in the bid or to accept such bid if it shall deem to be in the best interest of Williamson County.

CONTRACT: This Bid, when properly accepted by Williamson County, shall constitute a contract equally binding between the successful bidder and Williamson County.

The successful bidder may be required to sign an additional agreement containing terms necessary to ensure compliance with the bid.

This extension will be in twelve (12) month increments for up to an additional twenty-four (24) months, with the terms and conditions remaining the same; and with a price escalation at renewal time each year of no more than the consumer price index for that year. The total period of this contract, including all extensions will not exceed a maximum combined period of thirty-six (36) months. The extension of this contract is contingent on the appropriation of necessary funds by Commissioner's Court for the fiscal year in question. Upon the failure of Commissioner's Court to so

appropriate in any year, the Vendor may elect to terminate this agreement, with no additional liability to the County. The County and the Vendor agree that termination shall be the Vendor's sole remedy under this circumstance.

FOB DESTINATION: All of the items listed are to be Free On Board to final destination (FOB Destination) with all transportation charges if applicable to be included in the price, unless otherwise specified in the Invitation for Bids. The title and risk of loss of the goods shall not pass to the County until receipt and acceptance takes place at the FOB point.

FIRM PRICING: All of the items listed are to be on a "per unit" basis, stating a firm price per unit or unit quantity of each item. This price must be good from the date of bid opening for a fixed period of time. Unless the Bid expressly states otherwise, this period shall be until the end of the current fiscal year on September 30, 2004. Bids which do not state a fixed price, or which are subject to change without notice, will not be considered. The Court may award a contract for the period implied or expressly stated in the lowest and best bid, but for no longer than the current fiscal year.

ESTIMATED QUANTITIES: The estimated quantity of each item listed in the notice is only an estimate -- the actual quantity to be purchased may be more or less. The County is not obligated to purchase any minimum amount, and the County may purchase any reasonable amount greater than the estimate for the same unit price. Any limit on quantities available must be stated expressly in the bid.

FUNDING: Funds for payment have been provided through the Williamson County budget approved by Commissioners Court for the October 1, 2003 thru September 30, 2004 fiscal year.

SALES TAX: Williamson County is by statute, exempt from the State Sales Tax and Federal Excise Tax.

STATEMENTS: No oral statement of any person shall modify or otherwise change, or affect the terms, conditions, plans and/or specifications stated in the various Bid Packages and/or Bid Instructions/Requirements.

DELIVERY: The delivery time and location for the commodity and/or service covered by this bid shall be as stated in the various bid packages.

PURCHASE ORDER: If required by the Williamson County Purchasing Department a purchase order(s) may be generated to the successful bidder for products and/or services. If a purchase order is issued the purchase order number must appear on all itemized invoices and/or requests for payment.

PAYMENT: Payment shall be made by check from the County upon satisfactory completion and acceptance of items and submission of the Invoice to the ordering department for work specified by this Contract Document. All payments owed will be paid no later than thirty (30) days after the goods or services are received OR the date that the invoice is received by the Auditor's Office whichever is later. As a minimum, invoices shall include:

- (1) Name, address, and telephone number of Vendor and similar information in the event the payment is to be made to a different address
- (2) County contract, Purchase Order, and/or delivery order number
- (3) Identification of items or service as outlined in the contract

CONFLICT OF INTEREST: No public official shall have interest in a contract, in accordance with Vernon's Texas Codes Annotated, Local Government Code Title 5, Subtitle C, Chapter 171.

ETHICS: The bidder shall not accept or offer gifts or anything of value nor enter into any business arrangement with any employee, official or agent of Williamson County.

DOCUMENTATION: Bidder shall provide with this bid response, all documentation required by this bid. Failure to provide this information may result in rejection of the bid.

TERMINATION FOR DEFAULT: Williamson County reserves the right to enforce the performance of this contract in any manner prescribed by law or deemed to be in the best interest of the County in the event of breach or default of this contract. Non-Performance of the bidder in terms of specifications shall be a basis for the termination of the contract by the County. The County shall not pay for commodities/services which are unsatisfactory. Vendors will be given a reasonable opportunity before termination to correct the deficiencies. This, however, shall in no way be construed as negating the basis for termination for non-performance.

SILENCE OF SPECIFICATIONS: The apparent silence of these specifications as to any detail or to the apparent omission from it of a detailed description concerning any point, shall be regarded as meaning that only the best practices are to prevail. All interpretations of these specifications shall be made on the basis of this statement.

COMPLIANCE WITH LAWS: The successful bidder shall comply with all applicable federal, state and local laws and regulations pertaining to the practice of the profession and the execution of duties under this bid including the TEXAS HAZARD COMMUNICATION ACT and THE WILLIAMSON COUNTY HAZARD COMMUNICATION PROGRAM POLICY.

WORKER'S COMPENSATION

This contract contemplates services that do not require worker's compensation insurance coverage. However, if it becomes necessary that the bidder provide services related to the project such as delivering equipment or materials, an amended contract will be executed which fully complies with the Texas Labor Code and the Texas Worker's Compensation Commission requirements.

Non-Performance of the bidder in terms of specifications shall be a basis for the termination of the contract by the County. The County shall not pay for commodities/services which are unsatisfactory. Vendors will be given a reasonable opportunity before termination to correct the deficiencies. This, however, shall in no way be construed as negating the basis for termination for non-performance.

SILENCE OF SPECIFICATIONS: The apparent silence of these specifications as to any detail or to the apparent omission from it of a detailed description concerning any point, shall be regarded as meaning that only the best practices are to prevail. All interpretations of these specifications shall be made on the basis of this statement.

This bid is for heavy equipment parts and service/labor for the Williamson County Fleet.

Dealer must be an authorized representative of the equipment manufacturer.

Mechanics, welders, and machinists must be certified to work on specific Manufacturers equipment.

All items will be ordered on an "As Needed" basis.

The awarded bidder shall maintain and/or have access to parts inventory within a 110 mile radius of Georgetown Texas. To: Ginny

From: Joe Latteo

Ginny this is a short note on the decision to go with Design Electric for our Electrical Service Bid.

After carefully looking at the bidders it was apparent that the best deal for the Tax payers and the County was to go with Design. Their price per hour was slightly higher than others but after review of their discount % for parts it was overall on an average year the Best deal to recommend Design Electric for the County's Electrical contractor. Please accept this as my recommendation for Award.

Thanks, Joe Latteo
