From: Joe M. England P.E., County Engineer
Date: November 17, 2003
Subject: Proposed No Parking Zone on eastside of CR 175
from Park Entrance Driveway southward
approximately 4300 feet

Attached are copies of a letter from Jim Rogers. Cars are parking along the shoulder of the roadway and backing out into oncoming lanes thus creating a public safety hazard.

In view of the request and based upon my traffic engineering study conducted in the field, it is my professional opinion that public safety would be enhanced if a no parking zone would be adopted for the eastside of CR 175 from Park Entrance Driveway southward approximately 4300 feet.

Dear Joe,

Thanks for the conversation and information on the no parking signs on the east side of County Road 175. The attached photo indicates our suggestion on the limits on the signs. This suggestion is based on our observations on the roadway during soccer games. If you need any further information please let me know

Sincerely,
