Subject: Proposed No Parking Zone on Hymeadow Drive

Joe M. England
1/8/04

Based upon recent complaints, I have investigated parking practices along Hymeadow Drive in the area of Westwood High School. I noticed that students are parking along the curb and adjacent to driveways. As cars are attempting to leave the driveways, they can not see the oncoming traffic due to the parked cars being too close to the driveway thus creating a public safety hazard.

In view of the request and based upon my traffic engineering study conducted in the field, it is my professional opinion that public safety would be enhanced if a no parking zone would be adopted along Hymeadow Drive within 75 feet from the center of driveways.
