To All Concerned:

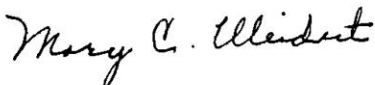

I want to express my appreciation and thank you for your quick response to my home when my sister called for help on Friday, October 3, 2003.

The Fireman were first to arrive and were very helpful. I commend the EMS people, Kenny and Jennifer, and the driver who took me to North Austin Medical Center where I was admitted.

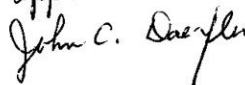

You all were so prompt and efficient. I am proud to live in Williamson County and receive services from such professionals. It is no wonder that you have received National recognition. You deserve it.

I am still "singing your praises. I am also enclosing two donations of \$100 each. One for the Fire Department and one for the EMS Unit.

Sincerely,

Mary C. Weidert
