RE: Donation for Cricket Field

I am in receipt of \$6,400.00 for irrigation supplies from the Hill Country Cricket Association for the field at the Regional Park on CR 175. As you may remember the HCCA received court approval to build the field in the park and had pledged \$16,300 toward development. Julie Kiley has asked that any capital improvements over \$5,000 be accepted and approved by court. This enables her to keep track of capital investments in the park.
