AGENDA ITEM 31**Hear report on Fiscal Year 2003 Audit from Pattillo, Brown, & Hill, L.L.P.**

Kathy Wierzowiecki, of the office of the County Auditor, introduced Todd Pruitt, a CPA with Pattillo, Brown & Hill, L.L.P., who gave the report of the independent auditor and reviewed the management letter enclosed therein. He explained that, due to a new system of auditing, the report noted millions of dollars in assets that are not reported, thus showing a greater amount of bond-liabilities than fixed-assets. This model, which was designed for the commercial sector, is deceptive in this manner when applied to the public sector, a fact that should be taken into account when reading the report. Mr. Pruitt also reported on the single audit, which is required of all local governments that spend more than \$300,000 in federal dollars.

County Auditor David Flores addressed the Court to extend special thanks to Alison Whetston, of the Information Technology Services department, for the work she did to help implement the new payroll system. **County Treasurer Vivian Wood** and Julie Kiley also addressed the Court.
