DIR CONTRACT NO. DIR-SDD-1588

BIDSYNC CONTRACT for WILLIAMSON COUNTY

THIS Software Services Order ("Order" or "Agreement") is made and entered into on the effective data above ("Effective Date") by and between RFP Depot LLC., dba BidSync, a Utah corporation whose address is 629 East Quality Drive, Suite 101, American Fork, UT 84003, hereinafter referred to as "BidSync", and Williamson County, whose address is 901 S. Austin Ave., Georgetown, Texas 78626, hereinafter referred to as "Customer", to be effective upon execution of this Agreement by Customer's duly authorized designee, both individually, as "party" and, collectively, as "parties" depending on the context in which the term is used. The terms and conditions of the Agreement include this Order form, the DIR Contract No. DIR-SDD-1588, the Terms & Conditions attached hereto, and any Exhibits attached thereto, all of which are incorporated herein by reference. In the event of a conflict between this Order, DIR Contract No. DIR-SDD-1588, the Terms & Conditions, and any Exhibits, documents shall control in the following order of priority: 1) DIR Contract No. DIR-SDD-1588, 2) this Order 3) the Terms & Conditions and 4) the Exhibits.

WHEREAS, Customer wishes to procure a secure, automated, online competitive procurement system that allows Customer's Purchasing Office (the "Purchasing Office"), the department responsible for purchasing goods and services on behalf of Customer, to manage all competitive and other procurement processes performed by the Purchasing Office; and

WHEREAS, BidSync offers an online competitive procurement system, and associated services and wishes to provide that system and associated services to Customer under the terms and conditions set forth herein; and

NOW, THEREFORE, for and in consideration of the covenants and agreements contained herein, the receipt and sufficiency of which are hereby acknowledged, and for the mutual benefits to be obtained hereby, Customer agrees to pay for and BidSync agrees to provide the following as set out on page 4 of this document:

Section 1 EXHIBIT A: Description of Software Services

Section 1.1 BidSync Source™

The BidSync Source™ provides the ability to electronically create, manage, and award all standard solicitation and quotation types, in addition to paper solicitations. It automatically notifies suppliers (preferred and/or system suggested) and securely facilitates the receipt and electronic tabulation of responses. It then allows for the award to be made and suppliers notified.

In addition to the solicitation creation functionality, the BidSync Source™ platform allows for common solicitation management functionality including pre- and post-bidding periods, a substantial vendor management database, temporary and secure work areas, user-defined and configurable workflows, question and answer sections with addendum upload and download tools, online pre-bid conference hosting, and many other features which greatly enhance the efficiency and productivity of the bid process. In addition, the solution provides a document management capability where large files can be easily accessed and downloaded by users, as well as the ability to create electronic award scenarios to better allow customers to define and evaluate system-supported bid awards.

The solution also contains a robust suite of reporting tools, including standard reports and ad hoc reporting, which allow users to export reports in various file formats. The system uses standard NIGP codes which are updated regularly. In addition, BidSync Source™ offers a complete Vendor Management solution that offers the ability to closely manage vendor relationships and potential qualifications/certifications. It includes the ability to use an existing unique identification system (i.e., tax ID, FEIN) with our system-generated identifier to securely lock in the identity of a supplier, while processing each account through multiple checkpoints for matching and de-duplication which allows for vendor information to be current and applicable. Furthermore, the Vendor Management functionality enables the ability to communicate dynamically and directly with suppliers via email, fax, and/or phone for issues unrelated to the bid process, such as conference invitation and surveys. This also allows for vendor diversity (DVBE, SB, WBE, HUB, etc.) and Environmentally Preferred Purchasing goals to be tracked and reported. Vendors are able to register and manage their accounts online in order to ensure that all their contact information is kept current and accurate. Vendors have the option to receive certain notifications via email.

Section 1.2 Reverse Auction Module

The Reverse Auction Module allows for the creation and management of reverse auction bids. Our Reverse Auction Module complies with all Federal guidelines created by the GSA regarding reverse auctions. Robust system-supported reporting and auditing are included.

Section 1.3 Vendor Management Module

The Vendor Management Module further expands upon the core system functionality by offering the ability to much more closely manage vendor relationships and potential qualifications/certifications. It includes the ability to use an existing unique identification system (ex: tax ID, FEIN) with our system-generated identifier to securely lock in the identity of a supplier, while processing each account through multiple checkpoints for matching and de-duplication which allows for vendor information to be current and applicable. This module also enables the ability to communicate dynamically, directly with the suppliers via email, fax and/or phone for issues unrelated to the bid process such as conference invitation and surveys. This also allows for vendor diversity (DVBE, SB, WBE, HUB, etc.) and Environmentally Preferred Purchasing goals to be tracked and reported, closely aligned with government agency requirements.

Section 1.4 RFx Evaluator Module

The RFx Evaluator Module is an advanced, completely web-based RFP scoring tool which allows committee members to quickly and easily log into a secure scoring/evaluation system to streamline the scoring process. The tool automatically notifies committee members of tasks, allows for a user-configurable workflow to control the process, and then electronically tabulates the scores into configurable reports. All evaluation criterion and scoring parameters are defined by the agency.
Section 1.5  BidSync Builder™ Module

Builder™ is a robust electronic sourcing tool used to better accommodate the drill-down requirements inherently encompassed in construction specific solicitations. In addition, the solution can also accommodate Planholder’s Lists geared towards Sub and Prime Contractors, planroom capability where large files and plans can be easily accessed and downloaded by users, creation of electronic award scenarios to better allow government agencies to define and evaluate system-supported bid awards – some of these advanced functionality is supplemental and might come at an additional cost. In addition to the solicitation creation functionality, the BidSync Builder™ Core System allows for common solicitation management functionality including pre and post-bidding periods, reverse auctions, a substantial vendor management database, temporary and secure work areas, user-defined and configurable workflows, question and answer sections with addendum upload and download tools, online pre-bid conference hosting and many others features which greatly enhance the efficiency and productivity of the bid process. It also contains a robust suite of reporting tools, which allow users to export reports in various file formats. The system uses NIGP Commodity Code Classification or can facilitate the use of the CSI Commodity Codes. Both classification code systems are updated regularly and can be used in conjunction with each other.

BidSync Builder™ includes a repository that can be configured to allow private or public access by the vendor community and can be used to create purchase orders for requisitioning goods or services directly from a supplier. All of BidSync Builder’s functionalities have been designed for government agencies and foundationally accounts for robust system-supported reporting and auditing.
Section 2 BidSync Statement of Work

BidSync provides flexible deployment service options to meet your needs and the scope/complexity of your BidSync Source™ Module deployment. Many of the phases of this project are done simultaneously and are designed to deliver a configured system that is ready to use in an accelerated timeframe, and to train and empower the Williams County team for long-term success.

These services follow industry best practices, and will be offered via web-based methods. We are also including a one-day Health Check that will be scheduled approximately 90-120 days after completion of your services, to assess your user adoption and provide guidance to ensure you are achieving full benefits of the system.

BidSync will schedule an on-site kick-off meeting for this project once the contract has been executed. The kick-off meeting will be for BidSync Source™.

Section 3 Implementation Plan

Kick Off
The Kick-Off meeting is designed to:
- Introduce expanded client teams to the BidSync Implementation staff
- Continue determination of implementation requirements
- Determine dates for Business Process Analysis Meetings as required
- Finalize project plan
- Set dates for client training

Information gathered in the discovery phase is used to provide advice on best practices for the agency and to decide on the future state of the system.

Discovery
Discovery is used to align all parties around the Implementation Process while creating mutual understanding of how BidSync Source™ will solve the Agency's business needs. This begins with an Agency Transition meeting between BidSync and the Agency who will use the BidSync Source™.

The Transition meeting is designed to:
- Introduce Project owners
- Review Implementation Timeline & Phases
- Review typical Request and role requirements

Configuration
The Configuration phase is based on the information gathered in the Discovery process. This includes all features and functionality that are configurable as part of the standard product.

These features include but are not limited to:
- User import and role determination
- Vendor import
- Delivery location setup
- System preference configurations
- Approval workflows setup
- Department setup
- Bid visibility rule configuration
- Logo import
- Data migration
- Web Forms
- Custom Fields
Section 4 Training

User Training
Once the BidSync Source™ system has been configured based on Agency provided requirements, the BidSync customer support team conducts user training.

User training is conducted by web in live webinar events between the customer support agent and agency designated personnel. Training events can also be conducted in person should the agency prefer onsite training at an additional cost.

Web-Based Training will include:
- General User training
- "Train the Trainer" administrative training
- "How to" training PDF

BidSync makes a point of having an assigned Customer Service Agent that works with the agency for the duration of the agency contract. This means that from training through full implementation, there is one point of contact for all training events. This facilitates exceptional relationship management while maintaining continuous business knowledge of the agency’s methods and practices.

Go Live
The primary goal of the Go-Live phase is to ensure customer success in using BidSync Source™. New users of any system require support to see successful integration and acceptance. This need is at the core of the Go-Live phase of implementation.

BidSync implementation and customer service teams work directly with the agency to coordinate a successful first event release in BidSync Source™ and are continuously available for additional support. But the first live event is the key.

To conduct a successful first live event, BidSync will:
- Assist in scheduling the first live event
- Assist in gathering and analyzing first live event requirements
- Assist in the agency in setting the first live event
- Act as live support while the first live event is occurring
- Support in after action post mortem analysis of the first live event

Conclusion
BidSync has successfully assisted over 1000 agencies to successfully engage in electronic procurement by following this model. BidSync is confident the model will work for Williamson County.

Section 6 Integrations (Optional)
Not applicable at this time
(See Rate Card for Pricing)

In order to effectively manage business, government agencies are increasingly expecting to integrate their e-procurement solutions. However, too often agencies struggle to integrate information that exists in silos and to share vital information with stakeholders. It's a hidden problem: when adding new business systems, integration is often overlooked and yet can quickly become the most costly and highest risk part of an implementation project. It's complex work to manage: integration often requires multiple teams to share deliverables and dependencies, adding risk to project delivery. It can slow time-to-benefit: the overall level of effort for integration may dictate a phased approach, delaying launch of full procure-to-pay functionality.

**Turnkey Integration**
BidSync eProcurement™ has numerous connectors to various lines of business applications, CRM, ERP and workflow solutions. It uses standard release scripts to connect seamlessly to business systems from Tyler Munis, SAP, JD Edwards, Oracle, Lawson, SunGard and many others. BidSync integrations can also export in real time or batch to any XML-compatible database or to a delimited flat file.

This flexibility makes BidSync the ideal front end to any system. BidSync understands the requirements and complexities surrounding the integration into your internal application ecosystem. We have invested considerable time to create a robust set of system integrations. Below is an overview of the ways BidSync can integrate with your ERP, third-party and supplier systems.

**Flat File Integration**
BidSync’s integration provides a light, flexible option for agencies that would like to integrate internal information systems at a business process level through the use of common business objects, reduce paper-based processing and integrate datasets without a complete e-procurement-to-ERP integration.
XML Integration
With BidSync's XML integration, agencies are able to extend e-procurement efficiencies and savings to their suppliers. Through this integration, buyers can automatically submit POs to suppliers. Suppliers are then able to submit electronic invoices, manage product catalogs, enable punch-out capabilities and keep their information current.

Direct Integration
BidSync's web services can be used to directly integrate with virtually any third-party system or web application and automate the complete source-to-settle procurement process. For the do-it-yourself IT department, this sophisticated integration offers complete web services and high-performing REST (Representational State Transfer) and/or SOAP (Simple Access Object Protocol) architecture.
Section 7  Description of Maintenance and Support Services

System Maintenance and Support Services.  BidSync shall ensure that only properly trained BidSync technicians or other qualified personnel perform the System Support Services as defined below.  The System Support Services shall be sufficient to enable the Software Services to perform in accordance with this Scope of Software Services and all representations, warranties and specifications provided to the customer by BidSync in connection with this Agreement and any amendments or addenda thereto that may be issued from time to time.  BidSync shall provide the customer with the Software Services support services set forth below (the “System Support Services”) as part of the fees provided for under this Agreement:

- **TelephoneNumber Support.**  BidSync technicians shall provide telephone support by means of a toll-free support line, which the customer may use during business hours (6:00 a.m. - 6:00 p.m., Mountain Time, Monday through Friday; excluding nationally recognized holidays).  Telephone support shall include without limitation (i) answering questions concerning use of the Software Services; and (ii) providing technical support.

- **Web Access.**  BidSync shall provide additional technical assistance in the form of access to BidSync’s website and online bulletins, all of which shall be maintained by BidSync and available to the customer 24 hours/day, 7 days/week, and 365 days/year excluding scheduled downtime for maintenance.

- **Problem Resolution Criteria and Timelines.**  When the customer reports program errors or malfunctions in the Software Services, or when the Software Services do not conform substantially to the Performance and Availability levels specified below, BidSync shall correct the identified errors or modify the Software Services to conform to the specifications according to the impact level criteria set forth below.

  - **Critical Impact.**  If a Software Services problem resulting from program errors or malfunctions has a critical business impact, defined as a complete loss of use of the Software Services such that personnel cannot reasonably continue to work, BidSync shall respond within fifteen (15) minutes, and shall provide a temporary solution through a workaround within one (1) hour and continue such efforts until the problem is fixed, patched or a suitable workaround is provided or until the problem has been reduced to a lower impact level.

  - **Significant Business Impact.**  If a Software Services problem resulting from program errors or malfunctions has a significant business impact, defined as a significant loss of use of the Software Services or degradation of such use, BidSync shall respond within thirty (30) minutes, and shall provide a temporary solution through a workaround within four (4) hours and shall continue such efforts until the problem is fixed, patched or a suitable workaround is provided or until the problem has been reduced to a lower impact level.

  - **Minimal Business Impact.**  If a Software Services problem resulting from program errors or malfunctions has a minimal business impact, defined as the customer’s ability to continue work with only minor impediments or loss of use of the Software Services, BidSync shall respond within four (4) hours and shall provide a permanent correction in its next release of a Software Services upgrade or enhancement.

As part of the System Support Services, BidSync shall provide online training on Software Services access, use and operations to the customer’s personnel (the “Training”) up to two times each year per customer.  The customer’s access to BidSync’s database of online video demonstrations is unlimited.
Section 8 Description of the Software Services Availability

**Software Services Availability.** BidSync will use commercially reasonable efforts to provide the Software Services and make them available 24 hours per day, 7 days per week, 99.8% of the time each month, excluding any Scheduled Downtime, as defined below. Notwithstanding the foregoing, the availability of the Site and the Software Services are provided by BidSync on an "AS IS" basis to Customer.

**Scheduled Downtime.** Scheduled and planned Software Services outages are for the purpose of providing system updates and scheduled releases for the System Support Services. All outages are scheduled with a minimum of 72 hours advance notice to the customer and shall occur only during non-peak hours unless otherwise agreed by the parties.
Section 9 Security and Privacy

The Software Services utilizes the latest, cutting edge security and privacy tools including SSL 256-bit encryption, server certificates with Global ID provided by a premier national provider, the highest level of encryption dictated by Federal guidelines – the AES algorithm and PCI certified and SSAE 16 SOC 1 Type II certified. Our data is stored in mirrored, redundant, highly secured facilities. BidSync’s privacy policy is available at www.bidsync.com/privacy.
Section 10 Upgrades and Enhancements

BidSync will provide upgrades and enhancements to the Software Services, as defined herein. BidSync may, at its sole discretion, charge the customer a reasonable fee for "upgrades" and "custom enhancements".

For purposes of this Agreement, the terms "upgrades" and "custom enhancements" shall include without limitation any and all releases that have the following functions and purposes: (i) implementing correction of Software Services (or component application) errors or malfunctions; (ii) adding new Software Services features, functions and performance capabilities, including modifications designed to meet federal, state and legally mandated requirements; and (iii) changing the intellectual property contained in the programs.
Section 11 Additional Services

BidSync shall perform any additional services set forth in the Order (the "Additional Services") according to BidSync's then current hourly rates. Additional Services shall be described in the Order and may include, without limitation, custom development services, consulting services, and other services. Upon BidSync's receipt of a written request from the customer for any Additional Services, and acceptance of such request by BidSync, BidSync shall provide a written quotation, at no cost to the customer, of the type of Additional Service requested, the cost of the Additional Services, and the time required to complete the same. Upon receiving the customer's written approval to proceed with the Additional Services, BidSync shall perform the Additional Services at a time mutually agreed upon by BidSync and the customer. (See Rate Card)
Section 12 Communication System Only Disclaimer

Although the Software Services are sometimes called an online auction system, it does not perform the function of a traditional auctioneer. The customer acknowledges that BidSync's website merely provides the communication system and means to allow the customer to perform the solicitation and procurement services described in this Agreement. BidSync is not involved in the actual transaction between vendors and buyers. As a result, BidSync does not verify or have any control over the quality, safety or legality of the items sought or offered the identity of each vendor, the truth or accuracy of bid information submitted by vendors, quotations, or statements made, or the ability of vendor to sell or deliver products or services. BidSync advises the customer to use caution, common sense, and practice safe trading when using the Software Services. BidSync does not ensure that a vendor will actually complete a transaction.
BIDSASYNC TERMS & CONDITIONS

SECTION 1
STRUCTURE OF AGREEMENT

1.1 Structure of Agreement. These terms and conditions (the “Terms & Conditions” or “Agreement”) consist of the terms and conditions contained herein, the Exhibit A attached hereto, and in at least one Order as entered into and executed by both parties hereunder. Any reference to this Agreement shall be a reference to these Terms & Conditions, as well as any additional terms, conditions or descriptions contained in Exhibit A and any executed Order, which will govern each party’s rights and obligations relating to BidSync’s provision of the Software Services hereunder. In the event of any conflict between this Agreement and a separately executed Order, the terms of the Order shall control.

1.2 Orders. BidSync shall furnish to Customer and Customer will accept and pay for the Software Services as indicated on a written order that has been executed by an authorized officer of Customer and accepted in writing by BidSync (“Order(s)”). The Order form shall incorporate by reference the terms and conditions set forth herein. The Order shall reflect the Software Services purchased and procured by Customer, in the quantities and prices set forth therein. Following the Effective Date of this Agreement, Customer may place orders for the Software Services with BidSync, as indicated on the initial Order or subsequent Orders. The receipt or deposit by BidSync of Customer’s down payment will not constitute acceptance of the related Order. BidSync will return any down payment in the event that it does not accept the Order. BidSync’s method of acceptance of Orders for the Software Services submitted under this Agreement will be the acceptance in writing of a properly executed Order listing the Software Services for which Customer has committed to purchase.

SECTION 2
DEFINITIONS

2.1 “Additional Services” shall have the meaning provided in Section 3.9 herein.

2.2 “Affiliate(s)” of a party shall mean any corporation or other entity which controls, is controlled by, or is under common control with such party, wherever located in the world. A corporation or other entity shall be deemed to control another corporation or entity if it owns, directly or indirectly, more than fifty percent (50%) of the voting shares or other interest in such other corporation or entity, or has the power to elect more than half the directors of such other corporation or entity.

2.3 “Authorized Users” means individuals as specified in the relevant Order who are authorized to access the Software Services described in the Order.

2.4 “Confidential Information” shall have the meaning provided in Section 9 herein.

2.5 “Customer Data” means all data, information, content or material that Customer enters into the Software Services or has entered on its behalf.

2.6 “Disclosing Party” shall have the meaning provided in Section 9 herein.

2.7 “Disputing Party” shall have the meaning provided in Section 3.13 herein.

2.8 “Documentation” means sufficient written explanations of the intended functionality of the Software Services and other written material generally intended to guide the user in the configuration and use of the Software Services, including, but without limitation, user guides, training materials, worksheets, workbooks, implementation and reference materials, and other documentation, whether in printed or electronic form.

2.9 “Effective Date” means the date so indicated on the applicable Order(s).
2.10 “Export Laws” shall have the meaning provided in Section 10.14 herein.

2.11 “Governmental Entity” means a state agency or a political subdivision of a state, or a federal agency or a political subdivision of the federal government.

2.12 “Initial Term” means the initial subscription period identified in the Section 4.1, during which BidSync must provide and Customer must pay for the Software Services.

2.13 “Intellectual Property” or “Intellectual Property Rights” means intellectual property rights, including without limitation, all works of authorship, mask works, trademarks and service marks (together with any registrations or applications thereof), patents (together with any extensions, reexaminations and reissues of such patents, patents of addition, patent applications, divisions, continuations, continuations-in-part, and all subsequent filings in any country or jurisdiction claiming priority therefrom), copyrights, derivative works, trade secrets, trade dress, know-how, drawings, ideas, designs, concepts, techniques, methodologies, processes, inventions, research and development, and discoveries; including, but without limitation, any and all modifications, updates, derivatives, or variations thereof.

2.14 “Order(s)” shall have the meaning provided in Section 1.2 herein.

2.15 “Recipient” shall have the meaning provided in Section 9 herein.

2.16 “Renewal Term” shall have the meaning provided in Section 4.1 herein.

2.17 “SLA” shall have the meaning provided in Section 3.3 herein.

2.18 “Software Services” means an information technology solution offering described in Section 3 and the Exhibit A, whereby software application programs, databases and utilities are hosted and maintained by BidSync on servers (the “Site”) that are made accessible to Customer via the Internet. Additional technical information concerning the Site is provided on Exhibit A.

2.19 “Term” has the meaning defined in Section 4.1 herein.

2.20 “Users” means your employees, representatives, consultants, contractors, or agents who are authorized to use the Software Services and have been supplied a user name and password by Customer or by BidSync at Customer’s request. All Users with records in “active” status are Users under this Agreement.

2.20 “Work Product” shall have the meaning provided in Section 3.9 herein.

SECTION 3
SCOPE OF SOFTWARE SERVICES

3.1 Scope of Software Services. Subject to the terms and conditions of this Agreement, BidSync shall provide Customer (only for the number of Users for whom Customer has paid for a subscription) with web-based electronic services and recordkeeping through an automated system that manages Customer’s competitive and other procurement processes performed by the Purchasing Office (the “Software Services”). The Software Services, and all associated services provided therewith, shall be provided in accordance with the Scope of Software Services attached hereto and incorporated herein for all purposes as Exhibit A, the Documentation, and the Order(s).

3.1(a) Additional Users. User subscriptions are for designated Users and cannot be shared or used by more than one User but may be reassigned to new Users replacing former Users who no longer require ongoing use of the Software Services. Additional Users subscriptions must be added in minimum increments of ten (10), and the term of the additional User subscriptions shall be coterminous with the expiration of the subscription term in effect at the time the Additional Users are added.

3.1(b) Government Users. As defined in FAR section 2.101, DFAR section 252.227-7014(a)(1) and DFAR section 252.227-7014(a)(5) or otherwise, all Software and accompanying documentation provided by BidSync are “commercial items,” “commercial computer software” and/or “commercial computer software documentation.” Consistent with DFAR section 227.7202 and FAR section 12.212, any use, modification,
reproduction, release, performance, display, disclosure or distribution thereof by or for the U.S. Government shall be governed solely by these terms and shall be prohibited except to the extent expressly permitted by these terms.

3.2 Bid Process. All of Customer's bid terms, conditions, and disclaimers submitted through the Software Services shall be produced and controlled by Customer. Customer's requests for quotation submitted through the Software Services may only include text descriptions, graphics, pictures and other content relevant to the purchase of that item. Customer is solely responsible for the accuracy of the content and information it provides to BidSync or other users on BidSync's website or in connection with the registration, request for quotes or proposals, bidding, or sale process. BidSync acts as a passive conduit for the online distribution and publication of Customer's information. Customer agrees that, to the best of its ability, Customer's information will not be false, inaccurate or misleading. Customer will comply with all applicable domestic and international laws, statutes, ordinances and regulations regarding its use of the Software Services.

3.3 Delivery. BidSync agrees to provide the Software Services to Customer on a subscription fee basis, together with bug fixes, updates or other minor enhancements or improvements thereto, and make the Software Services available in accordance with the service descriptions and availability expressed in Exhibit A ("SLA"). Customer acknowledges that the Software Services may be temporarily unavailable for scheduled maintenance, for unscheduled emergency maintenance, or because of other causes beyond BidSync's reasonable control (including without limitation delays or other problems inherent in the use of the Internet and electronic communications services), and agrees that BidSync will not be liable to Customer as a result of these temporary service interruptions, except as otherwise expressly provided in the SLA.

3.4 Upgrades; Additional Modules. Upgrades to the Software Services (i.e. modifications, additions or substitutions that result in a substantial change, improvement or addition to the Software Services), if available, may be offered by BidSync at an additional charge. Customer may procure additional modules of the Software Services or Additional Services on a coterminous basis by signing an Order detailing such additional modules or Additional Services ordered. The addition of modules to the Software Services may have the effect of increasing Customer's fees paid hereunder for such services for the remainder of the Term.

3.5 Software Services Support. BidSync shall provide Customer telephone and web support for the Software Services during the specified periods for such support and under the terms expressed in Exhibit A and on the applicable Order.

3.6 Software Services License. BidSync hereby grants to Customer, subject to all the terms and conditions of this Agreement, a non-exclusive, non-transferable (except as permitted in the Agreement), non-sub licensable license to access the Software Services and the Site via the Internet for the duration of the Term, and to use the Software Services, solely for Customer's internal business purposes and for the purposes contemplated in the applicable Documentation and Exhibits, in return for Customer's payment to BidSync of the applicable license fees as expressed in the Order.

3.7 License Restrictions. Customer shall not, directly or indirectly, (i) reverse engineer, decompile, disassemble or otherwise attempt to discover the object code, source code or underlying ideas, methodologies, or algorithms of the Software Services; (ii) modify, translate, or create derivative works based on or related to the Software Services; (iii) rent, lease, distribute, sell, resell, assign, or otherwise transfer the rights to the Software Services; (iv) use the Software Services for timesharing or service bureau purposes or otherwise for the benefit of a third party; (v) remove any proprietary notices from the Software Services; (vi) publish or disclose to third parties any evaluation of the Software Services without BidSync's prior written consent; (vii) create any link to the Software Services or frame or mirror the content contained on, or accessible from, the Software Services; or (viii) access the Software Services for purposes of monitoring its availability, performance or functionality, or for any other benchmarking or competitive purposes. Customer may not access the Software Services if you are a direct competitor of BidSync or any of its products and services, except if you disclose such to BidSync and thereafter obtain BidSync's prior written permission.

Customer shall not: (i) send spam or otherwise duplicative or unsolicited messages in violation of applicable laws; (ii) send or store infringing, obscene, threatening, libelous, or otherwise unlawful or tortuous material, including material harmful to children or material that violates third party privacy rights; (iii) send or store material containing software viruses, worms, Trojan horses or other harmful computer code, files, scripts, agents or programs; (iv)
modify, interfere with or disrupt the integrity or performance of the Software Services (including the data contained therein); or (v) attempt to gain or permit unauthorized access to the Software Services or its related systems or networks.

The Software Services offer integration capabilities via an application programming interface, or API. The average number of API calls made by Customers is less than 10,000 calls per day. The number of API calls Customer can make is limited to the aggregate maximum of 50,000 calls per day. BidSync or its partners may limit and/or modify Customer's API access from time to time.

3.8 Proprietary Rights of BidSync. This is not a work made-for-hire agreement (as that term is defined in Section 101 of Title 17 of the United States Code) with regard to either party. Except for express licenses granted in this Agreement, neither party is granting nor assigning to the other party any right, title, or interest, express or implied, in or to the party's Intellectual Property. Each party reserves all rights in such property. Customer acknowledges that the Software Services and all content contained therein, including, but not limited to, text, software, Intellectual Property Rights, music, sound, photographs, video, graphics and third party materials and advertisements, excluding any Customer Data, (collectively "Content"), and all Documentation, is proprietary to BidSync or such third parties, and BidSync or such third parties retain exclusive ownership of the same throughout the world, including all related copyrights, trademarks, service marks, patents, trade secrets or other proprietary rights thereto. Except as expressly stated herein, this Agreement does not transfer, grant, or assign any right, title or interest in the Software Services, Content or Documentation to the Customer.

3.9 Custom Software Development. Notwithstanding Section 3.8 above, Customer may procure from BidSync any custom software development services or other services ("Additional Services") for the fees defined in the Exhibit A and the Order. BidSync shall retain and possess all right, title, interest, and ownership in and to any and all ideas, concepts, know-how, residuals, data processing techniques, software, documentation, processes, data, information, or Intellectual Property developed, used, or acquired by BidSync personnel (alone or jointly with Customer) in connection with the Additional Services provided to Customer ("Work Product"), and such Work Product will be the exclusive property of BidSync, and Customer shall have no right, title, interest, or ownership in or to such Work Product, except as expressly provided herein this Agreement, Exhibit A or the Order. No customized software development shall be deemed a work made for hire agreement or arrangement unless expressly agreed to by the parties in writing. BidSync shall license to Customer the Work Product of such Additional Services under the same terms as the Software Services license expressed in Sections 3.6, 3.7, and 3.8 and with the same applicable warranties, indemnities, and restrictions as expressed in this Agreement for the Software Services, unless expressly stated otherwise in the Order. EXCEPT AS EXPRESSLY STATED IN THIS AGREEMENT, BIDSINC WARRANTS THAT THE ADDITIONAL SERVICES WILL BE PERFORMED IN A WORKMANLIKE MANNER AND WITH PROFESSIONAL DILIGENCE AND SKILL, IN ACCORDANCE WITH THIS AGREEMENT, THE APPLICABLE ORDER, AND THE EXHIBIT. IF THERE IS A MATERIAL BREACH OF THE ABOVE WARRANTY, BIDSINC'S ENTIRE LIABILITY AND CUSTOMER'S ENTIRE REMEDY SHALL BE, AT BIDSINC'S OPTION TO (I) MODIFY THE ADDITIONAL SERVICES TO CONFORM TO THE ORDER; (II) PROVIDE A REASONABLE WORKAROUND SOLUTION WHICH WILL REASONABLY MEET CUSTOMER'S REQUIREMENTS OR (III) IF NEITHER OF THE FOREGOING IS COMMERCIAL REASONABLE, TERMINATE THE APPLICABLE ORDER OR THIS AGREEMENT WITH NO FURTHER LIABILITY TO BIDSINC. EXCEPT FOR BIDSINC'S INDEMNIFICATION OBLIGATIONS UNDER SECTION 7, THESE REMEDIES ARE CUSTOMER'S SOLE AND EXCLUSIVE REMEDIES FOR A CLAIM OF BREACH OF WARRANTY UNDER THIS SECTION.

3.10 Passwords. BidSync shall issue to Customer, or shall authorize a Customer administrator to issue, a password for each Authorized User to use Customer's account for whom Customer has paid the applicable fee. Customer is responsible for maintaining the confidentiality of all user names and passwords and for ensuring that each user name and password is used only by the Authorized User. Customer is solely responsible for any and all usage of the Software Services or activities on the Site resulting from access to the Software Services or the Site through the use of the user names and passwords. Customer agrees to promptly notify BidSync of any unauthorized use of the Customer's account (including each password of each user accessing the Software Services by means of Customer's account) or any other breach of security known to Customer. BidSync shall have no liability for any loss or damage caused by Customer's failure to comply with these requirements. BidSync will maintain Customer passwords as confidential and not disclose them to third parties.

3.11 Security. BidSync will maintain the Software Services and Site at a reputable third party Internet service
provider and hosting facility, where the Software Services are subject to a minimum of AES 256-bit SSL symmetric encryption in order to help prevent unauthorized access to the Software Services and Customer Data. Customer acknowledges that, notwithstanding security precautions, use of or connection to the Internet provides the opportunity for unauthorized third parties to circumvent such precautions and illegally gain access to the Software Services and Customer Data. Accordingly, BidSync cannot and does not represent, warrant, or guarantee the privacy, security, or authenticity of any information so transmitted over or stored in any system connected to the Internet. At all times during the Term, BidSync shall collect, store, use, and maintain Customer Data in compliance with all applicable state and federal laws and regulations relating to the privacy, information security, and consumer protection for such data. In no event shall BidSync implement less than a reasonable level of information security for the confidentiality, integrity, and availability of the Customer Data. BidSync shall immediately report to Customer any actual or suspected compromise of Data stored and maintained by BidSync. Bydsync shall provide an SSAE 16 SOC 2 report to the Customer annually or upon request in order to provide assurance about BidSync’s Security, Availability, Processing Integrity, Confidentiality, and Privacy.

3.12 Rights and Obligations Regarding Customer Data. Customer grants to BidSync a non-exclusive, worldwide, terminable-at-will, and royalty-free license, for the Term of this Agreement, to use Customer Data solely to the extent necessary to enable BidSync to provide the Software Services to Customer under this Agreement. As between BidSync and Customer, BidSync shall own all Customer Data. Except as permitted in or reasonably anticipated by this Agreement, BidSync will not edit, delete, or disclose the contents of Customer Data unless authorized by the Customer or unless BidSync is required to do so by law or in the good faith belief that such action is necessary to: (i) conform with applicable laws or comply with legal process served on BidSync; (ii) protect and defend the rights or property of BidSync; or (iii) enforce this Agreement. BidSync may provide user statistical information such as usage or traffic patterns in aggregate form to third parties, but such information will not include personally identifying information. BidSync may access Customer Data to respond to service or technical problems with the Software Services. BidSync is solely responsible for the accuracy, quality, integrity, legality, reliability, appropriateness, and copyright of all Customer Data and BidSync assumes no responsibility for the deletion, correction, destruction, loss, or infringement of Customer Data used by or stored in the Software Services. BidSync reserves the right to establish a maximum amount of Customer Data that Customer may store, post, transmit on or through the Software Services. BidSync will back up Customer Data every twenty four (24) hours. BidSync’s sole obligation in the event of data loss shall be to use commercially reasonable efforts to recover and restore Customer Data using backup media. Notwithstanding the foregoing, Customer grants to BidSync a non-exclusive, worldwide, irrevocable, perpetual, royalty-free license to use and exploit any vendor list or vendor contact information, whether or not such information is provided in combination with Customer Data, that is provided by Customer or uploaded to the Software Services on behalf of Customer, and such information shall not be deemed Confidential Information.

3.13 Payments and Interest.
Payment for goods and services shall be governed by Chapter 2251 of the Texas Government Code. An invoice shall be deemed overdue the 31st day after the later of (1) the date The County receives the goods under the contract; (2) the date the performance of the service under the contract is completed; or (3) the date the Williamson County Auditor receives an invoice for the goods or services. Interest charges for any overdue payments shall be paid by The County in accordance with Texas Government Code Section 2251.025. More specifically, the rate of interest that shall accrue on a late payment is the rate in effect on September 1 of The County’s fiscal year in which the payment becomes due. The said rate in effect on September 1 shall be equal to the sum of one percent (1%); and (2) the prime rate published in the Wall Street Journal on the first day of July of the preceding fiscal year that does not fall on a Saturday or Sunday. If there is a bona fide dispute regarding any invoice rendered or amount paid or to be paid, the party disputing such invoice (“Disputing Party”) shall notify the other party in writing thereof, and the parties shall use their best efforts to resolve such dispute expeditiously. In no event shall a bona fide dispute waive, cancel, or suspend any party’s obligations under this Agreement. If the Disputing Party notifies the other in writing of a disputed invoice or payment, and there is a good faith basis for such dispute, the time for paying the disputed portion of the invoice shall be extended by a period of time equal to the time between the Disputing Party’s receipt of such notice and the resolution of such dispute.

3.14 Taxes. Customer shall be responsible for any taxes applicable to the use of the Software Services, BidSync’s provision of Software Services, or as otherwise applicable to Customer in this Agreement.
SECTION 4
TERM AND TERMINATION

4.1 Term. This Agreement will commence on the Effective Date following approval by Customer, and shall continue in full force and effect for the number of years defined on the Order (the “Initial Term”), unless sooner terminated as provided herein. This Agreement shall automatically renew upon expiration of the Initial Term for successive one-year terms (each a “Renewal Term”) unless or until terminated by either party in writing at least (30) days prior to the end of the then current Term. The “Term” of the Agreement shall be the Initial Term plus any additional Renewal Term(s).

4.2 Customer Termination. Customer may terminate this Agreement upon BidSync’s material breach of its obligations hereunder by furnishing BidSync with no less than thirty (30) business days’ prior written notice and give BidSync a reasonable opportunity to cure such breach (if curable); provided however that, termination of this Agreement for any reason immediately terminates any license, right, or service provided by BidSync to Customer under this Agreement. Notwithstanding the foregoing, if Customer is a Governmental Entity, Customer may terminate this Agreement at any time if adequate funds to pay BidSync all fees owed hereunder are not appropriated to the Governmental Entity during the Term, unless otherwise authorized by law.

4.3 BidSync Termination. BidSync may, at its option, terminate this Agreement or any Order, or suspend or terminate the Software Services immediately upon written notice to Customer if (i) any invoice is not paid when due hereunder or Customer breaches any of its obligations under Sections 3.6, 3.7, or 3.8; (ii) bankruptcy, receivership, insolvency, reorganization, or similar proceedings are commenced by or against Customer and are not dismissed within thirty (30) days of commencement; (iii) Customer becomes insolvent, makes an assignment for the benefit of creditors, or otherwise admits its inability to pay its debts and obligations as they come due; or (iv) Customer neglects or fails to perform or observe any other term or obligation hereunder and fails to remedy within thirty (30) days after BidSync’s written notice of such failure to Customer.

4.4 Termination of Individual Vendor’s Access for Non-Payment. In the event of non-payment of any invoice by an individual vendor, BidSync may, at its sole discretion, disable the vendor’s access to the Software Services until such time as the vendor’s account is brought current or terminate a vendor’s access to the Software Services in accordance with BidSync’s separately executed agreement with vendor.

4.5 Effect of Termination of the Agreement. Upon termination of this Agreement, all licenses, rights, and services provided by BidSync to Customer under the Agreement or the applicable Order shall terminate, and Customer shall immediately discontinue use of the Software Services provided under this Agreement or the Order that is being terminated, and BidSync may terminate provision of or access to the Software Services. BidSync shall not be liable to Customer or any third party for suspension or termination of the Software Services in accordance with this Agreement. Any and all provisions, promises and warranties contained herein which by their nature or effect are required or intended to be observed, kept or performed after termination of this Agreement will survive the termination of this Agreement or the applicable Order and remain binding upon and for the benefit of the parties hereto. BidSync shall retain Customer Data for a period of sixty (60) days after expiration or termination of this Agreement. At no additional cost to Customer, BidSync shall provide a one time, mass export of Customer Data in a format to be agreed upon by the Parties. AFTER SAID SIXTY (60) DAYS, ALL CUSTOMER DATA, CONTENT, ACCOUNT INFORMATION, AND SETTINGS INCLUDING, BUT NOT LIMITED TO, CONTENT AND DATA IN PUBLIC AND PRIVATE INFORMATION STORES OR OTHERWISE ON BIDSYNC’S SERVERS OR THE SITE WILL BE IRREVOCABLY DELETED AND DESTROYED.

4.6 Termination for Convenience: This agreement may be terminated at any time at the option of Customer, without future or prospective liability for performance upon giving upon ninety (90) calendar day’s written notice to thereof. In the event Customer exercises its right to terminate without cause, it is understood and agreed that only the amounts due to BidSync for goods, commodities and/or services provided and expenses incurred to and including the date of termination, will be due and payable. No penalty will be assessed for Customer’s termination for convenience.
SECTION 5
CUSTOMER OBLIGATIONS

5.1 General Obligations. Customer will use its best efforts to cause its personnel to be, at all times, educated and trained in the proper use and operation of the Software Services and to ensure that the Software Services are used in accordance with applicable manuals, instructions, specifications, and Documentation. Customer shall cooperate with BidSync in BidSync’s performance of its obligations under this Agreement, and shall provide access to information and systems as reasonably necessary to assist BidSync in performing its obligations under this Agreement.

5.2 Hardware and Network Services. Customer is responsible for obtaining and maintaining all computer hardware, software, communications equipment, and communications network services needed to access the Software Services, and for paying all third-party access or usage charges (e.g., Internet service provider and telecommunications charges) incurred while using the Software Services.

5.3 Conduct. Customer agrees: (i) to abide by all local, state, national, and international laws and regulations applicable to Customer’s use of the Software Services including, without limitation, all laws regarding the transmission of technical data exported from the United States through the Software Services; (ii) not to upload or distribute in any way files that contain viruses, corrupted files, or any other similar software or programs that may damage the operation of the Software Services or another’s computer; (iii) not to use the Software Services for illegal purposes; (iv) not to interfere or disrupt networks connected to the Software Services; (v) not to post, promote or transmit through the Software Services any unlawful, harassing, libelous, abusive, threatening, harmful, vulgar, obscene, hateful, racially, ethnically or otherwise objectionable material of any kind or nature; (vi) not to transmit or post any material that encourages conduct that could constitute a criminal offense or give rise to civil liability; (vii) not to interfere with another customer’s use and enjoyment of the Software Services or another entity’s use and enjoyment of similar services; and (viii) to comply with all regulations, policies, and procedures of networks connected to the Software Services. Customer acknowledges and agrees that BidSync neither endorses the contents of any Customer communications nor assumes any responsibility for any threatening, libelous, obscene, harassing or offensive material contained therein, any infringement of third party Intellectual Property Rights arising therefrom or any crime facilitated thereby. BidSync may remove any violating content posted on or uploaded to the Software Services or transmitted through the Software Services, without notice to Customer. BidSync acknowledges and agrees Customer has no control over its third party customers/vendors or the content and other information they may submit through the Software Services and that such customers/vendors may not be Customer’s agents. As a result, Customer shall have no liability or responsibility with regard to any customer/vendor activity described in clauses (ii) through (vii) that occurs without the knowledge or participation of Customer.

SECTION 6
WARRANTIES

6.1 BidSync Warranties. BidSync represents, warrants, and covenants to Customer that (i) the Software Services, and all associated services provided to Customer by BidSync, BidSync’s subcontractors, and agents under this Agreement shall be tested and free of material defects in accordance with industry standards and produced and performed in a skillful and workmanlike manner and shall comply with the Documentation; (ii) BidSync has reviewed all Agreement documents, and has used its best efforts to make all investigations necessary to be thoroughly informed regarding requirements for delivery of products, equipment and/or services as required by the conditions of this Agreement; (iii) BidSync (a) is a duly qualified, capable, and otherwise bondable business entity, (b) is not in receivership or contemplating same, (c) has not filed for bankruptcy, and (d) is not currently delinquent with respect to payment of property taxes in Utah County or the State of Utah; and (iv) all applicable copyrights, patents, trade secrets, licenses and other proprietary and Intellectual Property Rights that may exist on materials used in this Software Services have been adhered to.

6.2 Security Warranties. BidSync shall not use and shall not allow anyone else under its control to use Confidential Information collected by BidSync for any purpose or to provide it to any third party unless: (i) the Software Services Authorized User is given clear prior notice of the possibility of such other use; (ii) the Software Services Authorized User affirmatively consents to such use; or (iii) Customer agrees to such other use. BidSync shall maintain the security of Confidential Information in its custody and the integrity of transactions received through its interfaces and through the Software Services. Redundant levels of security will be deployed as necessary
throughout the Software Services. Except for Customer’s perpetual license to vendor information granted to BidSync under Section 3.12, BidSync shall not use any Confidential Information in its custody for its own purposes or the purposes of its other clients unless Customer expressly agrees to the use of that specific information.

6.3 Customer Warranties. In addition to any other express warranties herein, Customer represents, warrants, and covenants to BidSync that any and all Customer Data uploaded to the Site or used with the Software Services shall not infringe or violate the Intellectual Property Rights of any third party. Customer shall indemnify and hold BidSync and its officers, agents, and employees harmless from all claims, losses, damages, causes of action and liability of every kind including expenses of litigation, court costs, and attorney’s fees related to Customer’s use of Customer Data with the Software Services.

6.4 Disclaimer. EXCEPT FOR THE EXPRESS WARRANTIES STATED ABOVE, THE SOFTWARE SERVICES ARE PROVIDED “AS-IS” AND CUSTOMER ACCEPTS THE ENTIRE RISK AS TO THE QUALITY, PERFORMANCE AND RESULTS OF USE OF THE SOFTWARE SERVICES. EXCEPT AS OTHERWISE RESTRICTED BY LAW, BIDSYNC DISCLAIMS ALL OTHER REPRESENTATIONS, WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, BY STATUTE OR OTHERWISE, REGARDING THE SOFTWARE SERVICES, INCLUDING, BUT NOT LIMITED TO, ITS FITNESS FOR A PARTICULAR PURPOSE, MERCHANTABILITY, QUALITY, TITLE, OR ITS NON-INFRINGEMENT. NO ORAL OR WRITTEN INFORMATION OR ADVICE GIVEN BY BIDSYNC OR ITS RESPECTIVE EMPLOYEES, OFFICERS, DIRECTORS, DISTRIBUTORS OR AGENTS WILL INCREASE THE SCOPE OF THE EXPRESS WARRANTIES STATED ABOVE, OR CREATE ANY NEW REPRESENTATIONS, WARRANTIES OR CONDITIONS.

SECTION 7
INDEMNIFICATION

7.1 Infringement. BidSync, at its own expense, will defend any action brought against Customer based on a claim by any third party that the Software Services, as used within the scope of this Agreement or applicable Order, infringe or misappropriate any Intellectual Property Right(s) of such third party enforceable in the United States, and BidSync shall hold Customer harmless from any liability for any costs and damages ordered by a court as a result of such action or resulting from a monetary settlement thereof, provided Customer notifies BidSync promptly in writing of the action (and all prior claims relating to such action), BidSync has sole control of the defense and all negotiations for settlement or compromise of the action, and Customer reasonably cooperates with BidSync in such defense (including, without limitation, making available to BidSync all relevant documents and other information in Customer’s possession and by making Customer’s personnel available to testify or to consult with BidSync or its attorneys).

7.2 Exclusions. BidSync shall have no liability or obligation with respect to any infringement or misappropriation claim based upon: (i) any use of the Software Services not in accordance to this Agreement, the applicable Order, or the Documentation; (ii) any use of the Software Services in combination with other products, equipment, software or data not supplied by BidSync, referenced in the Documentation, or otherwise authorized by BidSync; or (iii) any modification of the Software Services made by any person other than BidSync where such modification is not authorized by BidSync.

7.3 Remedies. If the Software Services or any portion thereof become or, in BidSync’s sole discretion, are likely to become the subject of an infringement or misappropriation claim, BidSync may, at its sole option and expense, either: (a) procure for Customer the right to continue to use the Software Services pursuant to this Agreement and the applicable Order; (b) replace or modify the Software Services to make them non-infringing; or (c) terminate this Agreement or the applicable Order and Customer’s right to use the Software Services, and refund to Customer any unused pre-paid fees for the terminated Software Services as of the date of termination.

SECTIONS 7.1, 7.2 AND 7.3 STATE BIDSYNC’S ENTIRE LIABILITY AND CUSTOMER’S SOLE AND EXCLUSIVE REMEDY FOR INFRINGEMENT AND MISAPPROPRIATION CLAIMS AND ACTIONS BASED ON ANY SERVICES OR PRODUCTS PROVIDED BY BIDSYNC.

7.4 By Customer. Customer agrees to defend, indemnify and hold BidSync, its Affiliates, officers, directors and employees harmless from any claim, demand, damages, costs and expenses (including reasonable attorneys’)
fees), arising from any third party claim against BidSync due to or arising out of: (i) any use of the Software Services by Customer other than in accordance with this Agreement; (ii) any unauthorized modification of the Software Services by Customer, including any claims for Intellectual Property infringement arising therefrom; or (iii) in the event that Customer requires BidSync to collect Social Security Numbers or other sensitive information, any liability to BidSync as a result of its use of such information in furtherance of its provision of services to Customer.

SECTION 8
LIMITATION OF LIABILITY

8. LIMITATION OF LIABILITY. UNLESS FURTHER LIMITED ELSEWHERE IN THIS AGREEMENT, BIDSINC’S AND ITS DIRECT AND INDIRECT SUPPLIERS’ AGGREGATE LIABILITY FOR DAMAGES FOR ANY CAUSE RELATED TO OR ARISING OUT OF THIS AGREEMENT, WHETHER IN CONTRACT, NEGLIGENCE OR TORT, WILL NOT EXCEED THE GREATER OF (A) TEN THOUSAND U.S. DOLLARS (US $10,000) OR (B) THE TOTAL FEES AND CHARGES PAID BY CUSTOMER TO BIDSINC FOR THE SERVICES GIVING RISE TO THE LIABILITY DURING THE TWELVE (12) MONTH PERIOD IMMEDIATELY PRIOR TO THE DATE CUSTOMER’S CAUSE OF ACTION ACCRUED. IN NO EVENT SHALL BIDSINC OR ITS DIRECT OR INDIRECT SUPPLIERS OR AFFILIATES BE LIABLE FOR (A) ANY SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES, EVEN IF BIDSINC HAS BEEN ADVISED OF THE POSSIBILITY THEREOF INCLUDING BUT NOT LIMITED TO LOSS OF DATA OR INFORMATION OF ANY KIND, LOST PROFITS, LOST BUSINESS REVENUE OR FAILURE TO REALIZE EXPECTED SAVINGS AND REGARDLESS OF WHETHER ANY CLAIM FOR SUCH RECOVERY IS BASED UPON THEORIES OF CONTRACT, NEGLIGENCE OR TORT (INCLUDING STRICT LIABILITY), OR (B) ANY CLAIM AGAINST CUSTOMER BY ANY OTHER PERSON. NOTWITHSTANDING THE FOREGOING, THIS SECTION 8 SHALL NOT LIMIT, NOR SHALL BE CONSTRUED OR APPLIED TO LIMIT: (I) THE INDEMNIFICATION OBLIGATIONS OF EITHER PARTY SET FORTH IN SECTION 7, OR (II) THE LIABILITY OF EITHER PARTY FOR DIRECT MONEY DAMAGES RESULTING FROM A BREACH OF THE OBLIGATIONS OF NONDISCLOSURE AND CONFIDENTIALITY IMPOSED BY SECTION 9 HEREOF.

SECTION 9
CONFIDENTIALITY

9. Confidentiality. Both parties hereby agree that “Confidential Information” means any and all technical and non-technical information, including trade secrets, know-how and proprietary information, firmware, designs, schematics, techniques, source code, plans or any other information relating to any product or service as well as work in process, future development, scientific, engineering, manufacturing, marketing or business plans, or financial or personnel matters relating to either party or its present or future products, sales, suppliers, customers, employees, investors or Affiliates disclosed or otherwise supplied in confidence by either party to the other party, acquired in the course of carrying out the tasks hereunder or as a result of access to the premises of a party (including in the context of a request for information or request for proposal, or related to discussions between the parties in anticipation of potential Orders). Confidential Information also includes: (i) information disclosed in a written or other tangible form which is clearly marked with a “confidential” or “proprietary” legend or other comparable legend; (ii) information disclosed orally or visually which is identified as confidential at the time of disclosure and confirmed in writing within a reasonable time; (iii) any other information which a reasonable person would deem confidential under the context of disclosure or due to the nature of the information; (iv) in the case of BidSync, any software used to deliver the Software Services and all modifications, enhancements, updates, and derivatives thereof, as well as the Documentation, functional specifications, methods, concepts, designs, and all other similar information regarding the Software Services or other services; and (v) in the case of Customer, the Customer Data. Both parties (in such capacity, the "Recipient") hereby agree to maintain as confidential all material, non-public Confidential Information, which it learns about the other party (the “Disclosing Party”) as a result of its respective performance under this Agreement and, except as may be required by applicable law or regulation, to refrain from disclosing any Confidential Information to any third party and to disclose such Confidential Information only to those agents, employees and representatives of the Recipient who need to know that which is disclosed to them. Confidential Information shall not include: (A) information in the public domain or which enters the public domain after the Effective Date without any breach by the Recipient of its obligations hereunder; (B) information which is disclosed to the Recipient after the Effective Date by a third party whose disclosure of information is unrelated to this transaction or who is unrelated to the Disclosing Party and who is not
violating any obligation to the Disclosing Party by disclosing such information; or (C) information which is
hereafter developed by the Recipient independent of any Confidential Information. Upon expiration or termination
of this Agreement for any reason, each party shall promptly return to the other party, or destroy, as the parties agree,
all copies of the other party's Confidential Information. All copies, notes or other derivative material relating to the
Confidential Information shall be promptly retrieved or destroyed, as agreed, and no such material shall be retained
or used by the receiving party in any form for any reason. Notwithstanding the foregoing, vendor contact and
demographic information provided by Customer, whether or not in combination with Customer Data, shall not be
deemed Confidential Information and BidSync shall be granted a perpetual license thereto pursuant to Section 3.12.

SECTION 10
MISCELLANEOUS PROVISIONS

10.1 Compliance with the Law. Both parties shall at all times observe and comply with all Federal, State and
local laws, ordinances and regulations including all amendments and revisions thereto, which in any manner affect
this Agreement or the Software Services, and shall indemnify, save and hold the other party harmless against
any claim related to or arising from the intentional violation of any such laws, ordinances and regulations.

10.2 Assignment and Subletting. BidSync agrees to retain control and to give full attention to the fulfillment
of this Agreement, and that this Agreement shall not be assigned or sublet without the prior written consent of
Customer. BidSync further agrees that the subletting of any portion or feature of the services provided hereunder, or
materials required in the performance of this Agreement, shall not relieve BidSync from its full obligations to
Customer as provided by this Agreement. The terms, provisions, covenants, obligations and conditions of this
Agreement are binding upon and inure to the benefit of the successors in interest and the assigns of the parties to this
Agreement if the assignment or transfer is made in compliance with the provisions of this Agreement.

10.3 Use of Contractors. Notwithstanding anything contained in this Agreement to the contrary, BidSync may
utilize the services of independent service providers/contractors who may provide the Software Services to
Customer on BidSync's behalf. Notwithstanding the foregoing, no subcontracting shall relieve BidSync of its
obligations and liability hereunder for the provision of Software Services described herein. Bydsync will require all
independent service providers/contractors to provide reasonable assurances for contract compliance purposes.

10.4 Independent Contractor. BidSync covenants and agrees that BidSync is an independent contractor and
not an officer, agent, servant or employee of Customer; that BidSync shall have exclusive control of and exclusive
right to control the details of the services performed hereunder and all persons performing same, and shall be
responsible for the acts and omissions of its officers, agents, employees, subcontractors and consultants; that the
document of respondent superior shall not apply as between Customer and BidSync, its officers, agents, employees,
subcontractors and consultants, and nothing herein shall be construed as creating a partnership or joint enterprise
between Customer and BidSync.

10.5 Force Majeure. In the event that a party is materially unable to perform any of its obligations hereunder
because of strike, natural disasters, Acts of God, riots, wars, governmental action, or other event of force majeure
beyond such party's control, then such party shall, upon notice to the other party thereof, be relieved from its
performance of such obligations to the extent, and for the duration, that such performance is prevented by such
events; provided that such party at all times uses all reasonable efforts to resume such performance.

10.6 Modification and Waiver. No modification of this Agreement or an Order, and no waiver of any breach
of this Agreement or an Order will be effective unless in writing and signed by an authorized representative of the
party against whom enforcement is sought. No waiver of any breach of this Agreement or an Order and no course
of dealing between the parties will be construed as a waiver of any subsequent breach of this Agreement or Order.

10.7 Severability. The provisions of this Agreement and the applicable Order are severable. If any provision of
such is held to be invalid, illegal or unenforceable, the validity, legality or enforceability of the remaining provisions
will in no way be affected or impaired thereby.

10.8 Interpretation. Each party acknowledges that this Agreement has been the subject of active and complete
negotiations, and that this Agreement should not be interpreted or construed in favor of or against any party by
reason of the extent to which any party or its professional advisors participated in the preparation of this Agreement.
Section headings are provided for convenience only and are not to be used to construe or interpret this Agreement. Whenever the words “include” or “including” are used in this Agreement, they will be deemed to be followed by the words “without limitation.”

10.9 Governing Law. This Agreement is governed by the laws of the United States of America and The State of Utah. Venue for any dispute arising out of this Agreement will lie in the state or federal courts of Salt Lake City, Utah.

10.10 BidSync Employees. Customer hereby agrees that, during the Term of this Agreement, Customer shall not employ nor tender any offer of employment to any employee of BidSync without first obtaining BidSync’s prior written consent, which may be withheld for any reason. For the purposes of this Section only, the term “employee” extends to all present and future employees of BidSync during the period of their employment and continues for a period of six (6) months after any such employee leaves the employ of BidSync; provided however, that this Section shall not apply in the event BidSync should cease conducting all business operations.

10.11 Notice. Any notice required or permitted to be given under this Agreement by one party to the other shall be in writing. Notice under this Agreement shall be accomplished by transmitting the documents (1) via facsimile as well as (2) by overnight delivery service or overnight U.S. mail with, and effective upon, written confirmation of the latter. The address of BidSync for all purposes under this Agreement and for all notices hereunder shall be:

BidSync
ATTN: Chief Executive Officer
629 East Quality Drive, Suite 101
American Fork, UT 84003
Facsimile: 801-765-9246

The address of Customer shall be specified on the Order. Each party may change the address for notice to it by giving notice of the change in compliance with this Section. Customer shall provide BidSync with contact information for each vendor that is provided access to the Software Services.

10.12 Non-Waiver of Default. No payment, act or omission by either party may constitute or be construed as a waiver of any breach or default of the other party which then exists or may subsequently exist. The failure of either party to exercise any right or privilege granted in this Agreement shall not be construed as a waiver of that right or privilege. All rights of either party under this Agreement are specifically reserved and any payment, act or omission shall not impair or prejudice any remedy or right of either party under it. Any right or remedy stated in this Agreement shall not preclude the exercise of any other right or remedy under this Agreement, the law or at equity, nor shall any action taken in the exercise of any right or remedy be deemed a waiver of any other rights or remedies.

10.13 Counterparts. Original signatures transmitted and received via facsimile or other electronic transmission of a scanned document, (e.g., PDF or similar format) are true and valid signatures for all purposes hereunder and shall bind the parties to the same extent as that of an original signature. Any such facsimile or electronic mail transmission shall constitute the final agreement of the parties and conclusive proof of such agreement. This Agreement may be executed in one or more counterparts, each of which shall for all purposes be deemed to be an original and all of which shall constitute the same instrument.

10.14 Export Controls. Customer understands and acknowledges that BidSync may be subject to laws and regulations which prohibit export or diversion of certain software and technology to certain countries (“Export Laws”). Any and all obligations of BidSync to provide the Software Services, as well as any other technical information or assistance shall be subject to the Export Laws as shall from time to time govern the license and delivery of technology and software. Customer warrants that it will comply with the Export Laws in effect from time to time as they relate to all aspects of this Agreement and its implementation.

10.15 Intergovernmental Cooperative Purchasing Agreements/Piggyback Rights. Upon full execution of a subcontract document, entities can piggyback or adopt BidSync for any of their day-to-day bids, quotes, and proposals, auctions, etc. under this contract. Intergovernmental Cooperative Purchasing agencies and or any
government agency can piggyback these Contract terms and conditions and will negotiate separate agency payment terms with BidSync contractually separate and outside this contract.

10.16 Right to Audit. BidSync agrees that County or its duly authorized representatives shall, until the expiration of three (3) years after final payment under this Agreement, have access to and the right to examine and photocopy any and all books, documents, papers and records of BidSync which are directly pertinent to the services to be performed under this Agreement for the purposes of making audits, examinations, excerpts, and transcriptions. BidSync agrees that County shall have access during normal working hours to all necessary BidSync facilities and shall be provided adequate and appropriate work space in order to conduct audits in compliance with the provisions of this section. County shall give BidSync reasonable advance notice of intended audits.

10.17 Entire Agreement. These Terms & Conditions, the Order, and Exhibit A set forth the entire agreement and understanding of the parties with respect to the transactions contemplated hereby and supersedes all prior agreements, arrangements, and understandings relating to the subject matter hereof.
